Goals for the Presentation

- Provide background on the ESSER II Fund
- Discuss the allocation process
- Review the ESSER II Fund application
- Discuss allowable uses of ESSER II funds
- Review the monitoring/reporting requirements
- Provide best practices for utilizing available funding

Housekeeping

- Please remember to mute your electronic devices during the presentation.
- If you have questions regarding today's TA session, please leave them in the chat.

Background

Coronavirus Relief Funding Legislation

- Coronavirus Aid, Relief, and Economic Security Act (CARES Act)
 - Passed in March 2020
 - Created the Education Stabilization Fund
 - Funded the Elementary & Secondary Schools Emergency Relief Fund (ESSER) and the Governor's Emergency Education Relief Fund (GEER)
- Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA Act)
 - Passed in December 2020
 - Further funded ESSER and GEER
 - Created the Emergency Assistance to Non-Public Schools (EANS) Program

CRRSA Overview

Authorized additional funding for ESSER & GEER in December 2020 (ESSER II and GEER II)

\$58 billion in additional funds to ESSER and GEER grantees

ESSER II awards made January 5, 2021; GEER II awards made January 8, 2021

Authorized new program as part of GEER:
Emergency Assistance to Non-Public Schools (EANS)

ESSER II

- CRRSA provided an additional \$54.3 billion to prepare, prevent & respond to COVID-19
- Same allowable uses as ESSER I but new legislation emphasizes use of funds to:
 - Address learning loss,
 - Prepare schools for reopening, and
 - Testing, repairing, and upgrading projects to improve air quality in school buildings.
- No requirement to provide equitable services.

ESSER II Allocations

- Elementary and Secondary School Emergency Relief Fund (ESSER II Fund)
 - The SEA must allocate at least 90 percent of its total ESSER Fund grant by formula to LEAs.
 - SEA must determine each LEA's ESSER allocation in proportion to the amount of funds the LEA received under Title I, A for the **most recent fiscal year**.
 - New Jersey received \$1,230,971,757.

*Although this is the formula used to allocate the funds, the funds are **NOT** Title I, A funds.*

ESSER II Allocations

- ESSER II funds are available for obligation through September 30, 2023 which includes the Tydings period (General Education Provisions Act 421(b)(1)).
- The ESSER II funds do **NOT** contain a supplanting prohibition. As a result, ESSER funds **may** take the place of State or local funds for allowable activities.
- However, the supplement not supplant requirements for other Federal programs have not been waived.

ESSER II Allocations

- LEAs that were not eligible for Title I, A for 2020-2021 will not receive an allocation from the 90% formula portion of ESSER II.
 - This includes an LEA that refused Title I, A funds.
- Similar to ESSER I, funds will be made available to non-Title I LEAs from the State set-aside.
 - Allocations for “non-Title I LEAs” are available on the Department’s website

ESSER II Allocations

- In addition to the ESSER II formula allocations the Department is making funds available to all LEAs from the State set-aside.
 - \$75 million for Learning Acceleration
 - \$30 million for Mental Health Services
- These funds are being released as part of a consolidated ESSER II application.

Monitoring

Monitoring

- NJDOE Risk Assessment Tool will be modified to include the ESSER II Funds.

New Jersey Department of Education

Risk Indicators

Indicator Variables ¹		
1. Proficiency Rate for Federal Accountability for ELA		
Data Source: Performance Reports		
Category	Points	
The LEA met the target or the goal for the proficiency rate	0	0 points
The LEA met the target or the goal within one standard deviation	1	2.5 points
The LEA did not meet the target or the goal for the proficiency rate	2	5 points
2. Proficiency Rate for Federal Accountability for Math

The LEA met the target or the goal for the proficiency rate	0	0 points
The LEA met the target or the goal within one standard deviation	1	2.5 points
The LEA did not meet the target or the goal for the proficiency rate	2	5 points

3. Evaluation Data (A and E Years)

Monitoring

- As part of the learning acceleration grant application, LEAs will be required to certify that they will submit the required data to NJDOE.
- The data itself will not be collected via the grant application and submitting the data itself is not required to complete the application or to receive approval of the grant application; the data will be collected via a separate portal in NJ Homeroom.

Monitoring

- The NJDOE Risk Assessment Tool will be modified to include an indicator which aligns with the new interim assessment data collection requirement.
- Depending on the LEAs aggregate risk score across all indicators in the risk assessment tool, the LEA will receive onsite monitoring, desk monitoring, or universal technical assistance.

Annual Performance Report

Purpose of the CARES Act Performance Report

- The United States Department of Education (USDE) created an online transparency portal which shows how states, local education agencies (LEAs) and institutions of higher education (IHEs) are using the CARES Act funds.
- The portal captures awards and expenditures and provides an interactive data map.
- Data collected through the CARES Act Performance Report will be submitted to the USDE as part of the State's ongoing obligation to report data under the CARES Act.
- It is critical that the Performance Report is completed so that data for New Jersey is reported accurately on the USDE website.

Districts Required to Submit the Report

- All districts that receive CARES Act Funds and CRRSA Act Funds must complete and submit the annual performance reports.
- Next report(s) will be released in early October.

Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act Elementary and Secondary School Emergency Relief Fund II (ESSER II)

On December 27, 2020, the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (CRRSA Act), Public Law 116-260, was signed into law and provided an additional \$54.3 billion nationwide for the Elementary and Secondary School Emergency Relief Fund (ESSER II Fund).

The purpose of the additional funding is to provide direct money to LEAs to assist in safely reopening schools, measuring and effectively addressing significant learning loss, and taking other actions to respond to the impact of COVID-19 on educators, students, and families. Allowable uses include all possible expenditures under CARES ESSER I.

Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (CRRSA)

Coronavirus Response and Supplemental Appropriations Act of 2021 (CRRSA)

Elementary and Secondary School Emergency Relief Fund (ESSER II)

The funds for this grant cycle MUST be encumbered by June 30, 2021. Remaining funds may be carried over into the next fiscal year for a complete period of availability through Sept. 30, 2023.

The Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, 2021, Public Law 116-260, enacted on December 27, 2020, appropriated 90% of New Jersey's ESSER II allocation to Local Education Agencies (LEAs) based on the LEA's share of Title I-A funds in the 2020-2021 school year. In addition to this mandatory subgrant to LEAs, the New Jersey Department of Education (NJDOE) will use State set-aside funds to provide three additional non-competitive grant funding streams.

In sum, the NJDOE's administration of ESSER II funds includes four funding stream for LEAs:

1. Mandatory subgrants to LEAs based on the LEA's share of Title I-A funds in the 20-21 school year.
2. Learning Acceleration Grants, funded by State set-aside, based on the LEA's share of Title I-A funds in the 20-21 school year, with a minimum allocation of \$25,000.
3. Mental Health Grants, funded by State set-aside, based on LEA's enrollment as of October 15, 2019, with a minimum allocation of \$45,000.
4. Non-Title I Grants, funded by State set aside: Grants for entities that do not receive mandatory subgrants. This includes non-Title I LEAs, CSSSDs, ESCs, Jointure Commissions, Department of Children and Families, Juvenile Justice Commission, Department of Corrections, and Juvenile Detention Centers.

Applicants will submit one CRRSA ESSER II Fund Consolidated Application that includes all applicable streams. The application includes five sections: one section in which the LEA will submit information relevant to all four streams (e.g., the LEA's needs assessment), and a section for each individual stream with more stream-specific information.

ELEMENTARY AND SECONDARY SCHOOL EMERGENCY RELIEF FUND (ESSER II)

Grant Award Notifications for the Supplemental Elementary and Secondary School Emergency Relief (ESSER II) Fund awards, as authorized in section 313 of the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, 2021

Part A: Programmatic, Fiscal, and Reporting Assurances

By the State educational agency's (SEA's) drawdown of funds under this GAN, the Chief State School Officer assures the following with respect to the ESSER II Funds awards:

1. The SEA will allocate no less than 90 percent of the grant funds under this program to local educational agencies (LEAs) (including charter schools that are LEAs) in the State to prevent, prepare for, and respond to the Coronavirus Disease 2019 (COVID-19). The SEA will allocate these funds to LEAs on the basis of their respective shares of funds received under Title I, Part A of the Elementary and Secondary Education Act of 1965 in fiscal year 2020.
2. The SEA will use the remaining funds (hereafter SEA reserve) for emergency needs as determined by the SEA to address issues related to COVID-19, which may be addressed through the use of grants or contracts or for direct use by the SEA. From an SEA's reserve, the SEA may use not more than 1/2 of 1 percent of the SEA's total ESSER II grant for administrative costs.
3. The SEA will ensure that LEAs use ESSER II funds for activities allowable under section 313(d) of Division M of the CRRSA Act. The Department generally does not consider the following to be an allowable use of ESSER II funds, under any part of section 313: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.
4. The SEA will comply with the maintenance of effort provision in section 317(a) of Division M of the CRRSA Act absent a waiver by the Secretary pursuant to section 317(b) thereof.
5. The SEA, each LEA, and any other entity that receives ESSER II funds will, to the greatest extent practicable, continue to compensate its employees and contractors during the period of any disruptions or closures related to COVID-19 in compliance with section 315 of Division M of the CRRSA Act. In addition, each entity that accepts funds will continue to pay employees and contractors to the greatest extent practicable based on the unique financial circumstances of the entity. ESSER II funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID19.
6. The SEA will provide technical assistance, when applicable, to LEAs on the use of ESSER II funds for measuring and addressing learning loss and reopening schools safely, as well as for remote or hybrid learning, which includes both distance education as defined in section 103(7) of the HEA and distance learning as defined in ESEA section 8101(14).

Allowable Uses

Use of Funds: A local educational agency that receives funds under this title may use the funds for any of the following:

- 1. Any activity authorized by the ESEA of 1965, including the Native Hawaiian Education Act and the Alaska Native Educational Equity, Support, and Assistance Act (20 U.S.C. 6301 et seq.), the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.) ("IDEA"), the Adult Education and Family Literacy Act (20 U.S.C. 1400 et seq.), the Perkins Career and Technical Education Act of 2006 (20 U.S.C. 2301 et seq.) ("the Perkins Act"), or subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (U.S.C. 11431 et seq.).
- 2. Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- 3. Providing principals and other school leaders with the resources necessary to address the needs of their individual schools.
- 4. Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- 5. Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- 6. Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Allocation Detail	Use of Funds	Budget	District Comments
-------------------	--------------	--------	-------------------

Use of Funds

Local Education Agencies (LEAs) will be required to dedicate 75% of their Learning Acceleration grant to academic enrichment for students and the remaining 25% to supporting the learning ecosystem for pre-K through grade 12 instruction.

Of the portion dedicated to academic enrichment for students, districts will be required to spend 75% on STEM-related activities and experiences, as well as spend 25% on activities and experiences related to literacy and the arts. All of those funds must be used to provide extended, accelerated learning opportunities to students in Summer Learning Academies, School Year Learning Acceleration Academies, or 1:1 Tutoring. Interventions, tutoring, enrichment, and any out-of-school learning opportunity must include accommodations and modifications necessary for the participation of students with disabilities up through age 21 and English learners.

The 25% dedicated to supporting the learning ecosystem may be spent on programs focused on building a growth mindset in students, professional learning for educators on accelerated instruction and enhancing effective utilization of formative assessments, and engagement with parents and caregivers through a multi-tiered system of support.

All ESSER-funded activities must be necessary to prevent, prepare for, or respond to COVID-19.

Under the Learning Acceleration Grant, LEAs must concentrate federal funding to ensure their students are provided extended learning opportunities so they may accelerate their learning throughout the coming years. This grant should be used to ensure all students have equitable access to high-quality, standards based extended learning, particularly in the areas of STEM, English language arts (ELA) and Visual arts. Additional funding focuses resources on building students' growth mindsets, educator professional learning in accelerated instruction, and engagement with parents and care givers through a multi-tiered system of support.

Academic Enrichment for Students (75% of the Allocation)

Allowable Programs

The allowable programs below apply to accelerating learning in STEM (sub-allotment of 75%) and literacy/ELA and the arts (sub-allotment of 25%).

List of Allowable Programs for Academic Enrichment:

- Summer Learning Academies:** Providing struggling students with small-group instruction delivered by highly effective teachers over the summer. These academies may be conducted virtually or in-person.
- School Year Learning Acceleration Academies:** Providing struggling students with small courses of small-group instruction (e.g., one week during a break) delivered by highly effective teachers during the school year. This could include instructional time before-school, after-school, weekends, and during breaks.
- 1:1 Tutoring:** Providing struggling students with one-on-one tutoring directly aligned to classroom content to support interventions linked to the district's multi-tiered system of support.

Application Section: Learning Acceleration

**Note:**

Interventions, tutoring, enrichment, and any out-of-school learning opportunity must include accommodations and modifications necessary for the participation of students with disabilities up through age 21 and English learners. Additionally, the Interventions must be connected to the New Jersey Learning Standards.

Learning Ecosystem (25% of Grant Allocation)

Allowable programs:

The allowable uses below apply to supporting the Learning Ecosystem:

- Supporting students in developing a growth mindset: Providing students with evidence-based strategies to develop coping skills around challenge, difficulty, and perseverance, including but not limited to curricular materials and programming, assemblies, and professional learning for P-12 educators aligned with this focus.
- Professional learning for PK-12 educators focused on strategies for accelerated instruction and learning, including in and out of district professional development opportunities, including for the effective use of formative assessment, and extended time for professional learning communities.
- Engagement with parents and caregivers through a multi-tiered system of supports, including but not limited to opportunities to support students' growth mindsets, and other resources to support family, school, community partnerships to targeting interventions for struggling and at-risk students.

Use of Funds

Under the Mental Health Supports and Services grant, LEAs will be required to dedicate a minimum of 10% of the funds towards professional development for educators and the remaining funds towards mental health supports and services. A description of the LEA's planned use for the funds is required in the boxes below each section of the allocation. Funds may be used to support the mental health of students including students with disabilities up through age 21, English learners, economically disadvantaged and homeless students.

The entirety of the allocation should be designed to increase access to school-based mental health supports and services for students and educators by building or enhancing a tiered intervention model of comprehensive school-based mental health supports and services that are sustainable after the life of the grant. Districts may utilize funds towards building or enhancing one or more tiers. Interventions, including any out-of-school mental health support and service opportunities, must include accommodations and modifications necessary for the participation of students with disabilities up through age 21, English learners, economically disadvantaged and homeless students.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Non-allowable Uses

- Subsidizing or offsetting executive salaries and benefits of individuals not employed by the SEA or LEA.
- Expenditures related to state or local teacher or faculty unions or associations.
- Bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

The Power of the Process

Identify Needs for Planning

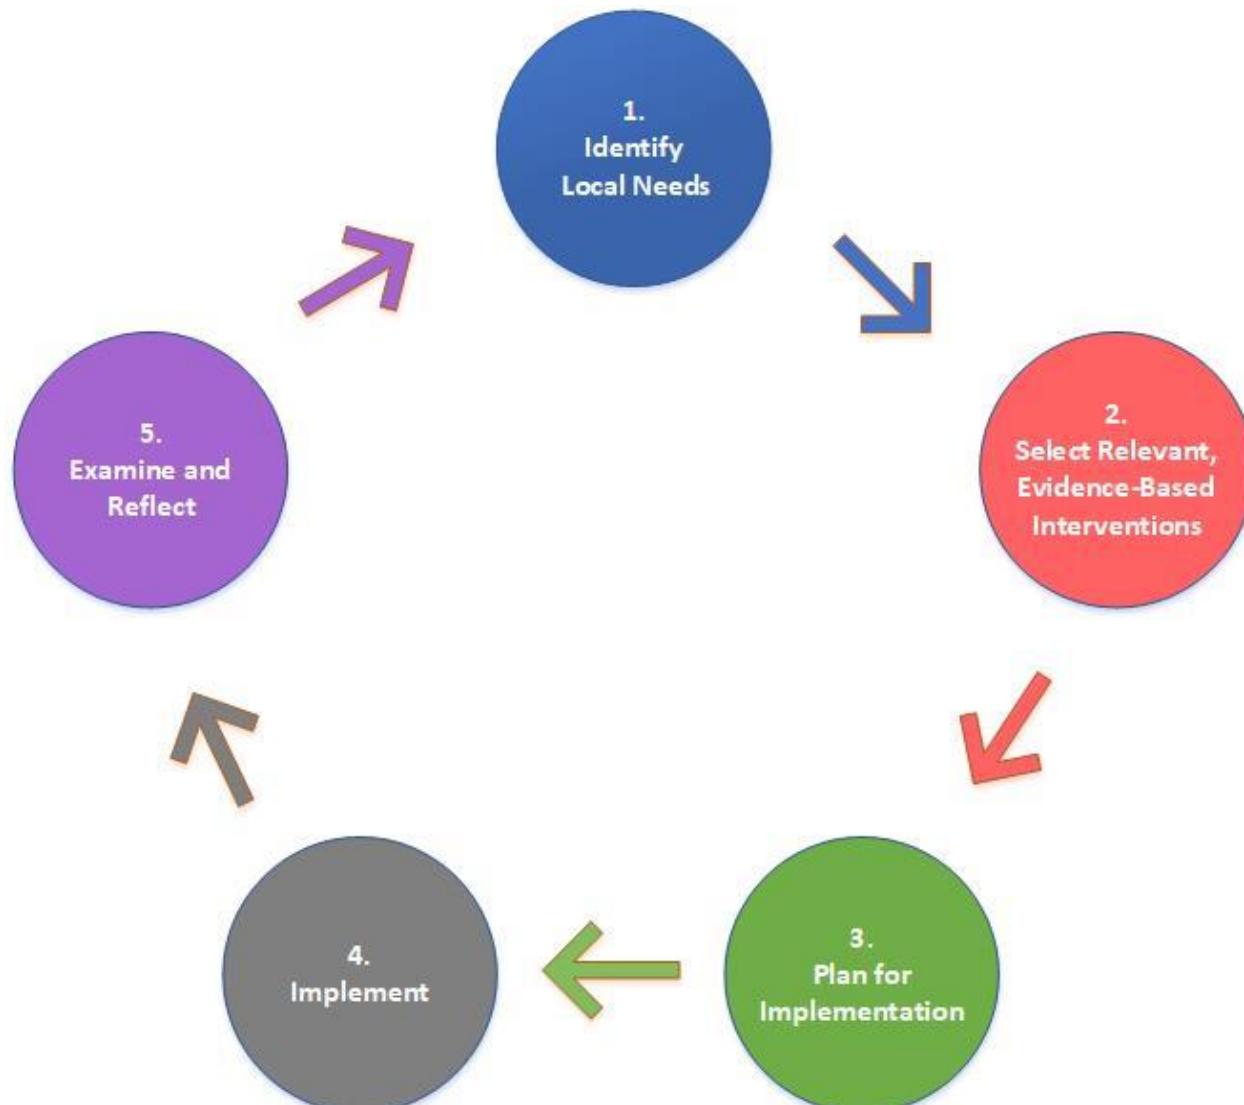

Needs Assessment Process

- Foundation for use of ESSER funds
- Determine needs and set priorities for future action
- Expenditures not supported by comprehensive needs assessment are not “necessary, reasonable, and allocable” [*Uniform Grant Guidance – 2 C.F.R. Part 200*]

Mental Health Allocation

Purpose:

To increase access to school-based mental health supports and services for students as well as offer supports for educators.

To support school districts to build a tiered intervention model of comprehensive school-based mental health supports and services that is sustainable after the life of the grant.

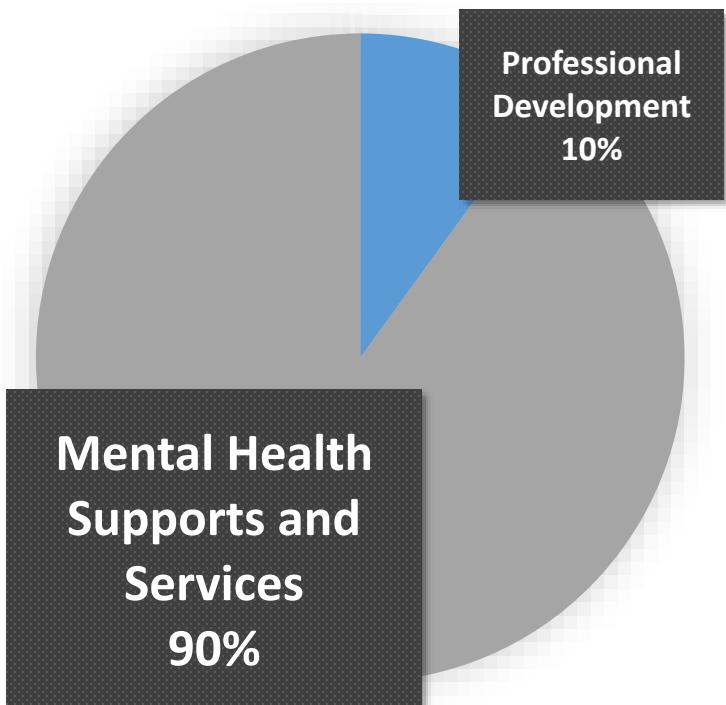

Mental Health Allocation:

LEAs must:

- Allocate a **minimum of 10%** of the funds towards mental health supports and services professional development for educators
- Allocate remaining funds (90% or less) to mental health supports and services

Mental Health Allowable Uses

Professional Development

(Minimum of 10%)

Must be related to identified need(s).

Mental Health Supports & Services

(No more than 90%)

Must be related to identified need(s) and designed to build or enhance a tiered intervention model of mental health supports.

Should be sustainable.

Must include accommodations and modifications necessary for the participation of students with disabilities, economically disadvantaged and homeless students and English language learners.

Connect Plan to Your Needs Assessment

- Does your plan for mental health supports & services address an identified need?
- Does your plan for mental health professional development address an identified need?
- Does your plan demonstrate that the actions will be sustainable after the life of the grant?
- Does the project description connect to the budget?

Examples of Strategies for Identified Needs: Tier I

- Implement the Pyramid Model to support the social-emotional development of preschool students
- Develop, implement, and/or enhance a system for conducting regular mental health check-ins with students
- Contract with a provider to offer faculty/staff well-being support groups
- Provide workshops for families to support social emotional well-being of students at home

Examples of Strategies for Identified Needs: Tier II

- Designate certificated staff and/or contracted provider to assess students who show signs of mental health concerns, including trauma
- Provide certificated staff for home visits to follow-up on students who are identified through early-warning systems
- Create partnerships with appropriate mental health providers to perform risk assessments for students in crisis to reduce or eliminate the use of emergency room visits for students with mental health needs and to directly link the student(s) to appropriate community-based services

Examples of Strategies for Identified Needs: Tier III

- Contract with a mental health provider to provide individual and group therapeutic services to identified students
- Contract with community agencies to provide family therapy and support to identified students
- Identify district mental health staff to provide summer gap services (i.e., individual, group, and/or family therapy)

Examples of Strategies for Identified Needs: Professional Development

- Access training in schoolwide (Tier 1) programs to address mental health literacy, positive school climate, positive discipline and behavior practices, trauma-informed practices, cultural competency, and/or social emotional learning
- Provide more intensive training to educators in methods to identify students exhibiting signs of depression or suicidality across in-person, remote, and hybrid settings

Learning Acceleration Allocation

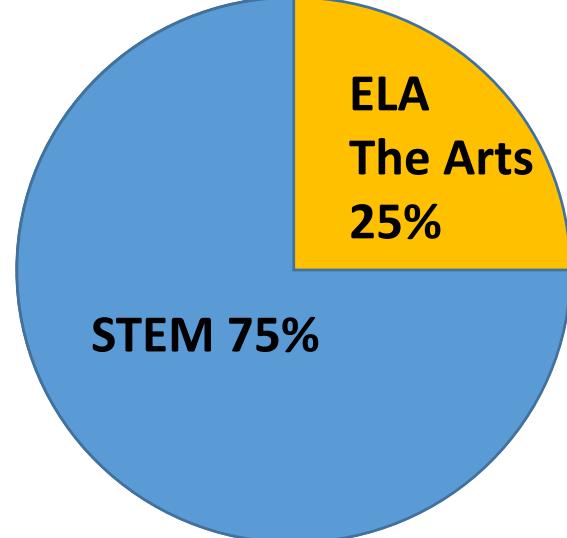

Allowable Uses Of The Learning Acceleration Grant

Allowable Uses: Academic Enrichment (75% of Total Grant)

Extended learning opportunities must focus on STEM, ELA and the Arts in the following way:

STEM	ELA and the Arts	Academic Enrichment Disciplinary Sub-allocations
<ul style="list-style-type: none">Chemistry, Physics, Biology, Earth Systems, Environmental Science, Technology, Computer Science, Engineering, and MathematicsAligned with relevant standards cited as NJSLS-S or NJSLS-M	<ul style="list-style-type: none">English Language Arts, Visual Arts, and Performing ArtsAligned with relevant standards cited as NJSLS-ELA or NJSLS-VPA	 <p>ELA The Arts 25%</p> <p>STEM 75%</p>

Allowable Uses: Academic Enrichment

(75% of Total Allocation)

Summer Learning Academies

Providing struggling students with small-group instruction delivered by highly effective teachers over the summer. These academies may be conducted virtually or in-person.

School Year Extended Accelerated Learning

Providing struggling students with small courses of small-group instruction (e.g., one week during a break) delivered by highly effective teachers during the school year. This could include instructional time before-school, after-school, weekends, and during breaks.

1:1 Tutoring

Providing one-on-one tutoring directly aligned to classroom content to support interventions linked to the district's multi-tiered system of support.

Allowable Uses: Supporting The Learning Ecosystem

(25% of Total Allocation)

Students

Providing and facilitating activities to support students in developing a growth mindset by giving students evidence-based strategies to develop coping skills around challenge, difficulty, and perseverance.

Examples may include, but are not limited to, developing or purchasing curricular materials and programming, convening in-person or virtual assemblies, and professional learning for P-12 educators aligned with this focus.

Allowable Uses: Supporting The Learning Ecosystem

(25% of Total Allocation)

Staff

Providing professional learning for P-12 educators focused on strategies for accelerated instruction and learning, including how to use extended day instructional time to support student learning on the most critical skills needed to master grade and course content or how to design and enhance formative assessments to inform instruction.

Examples may include, but are not limited to, providing in and/or out of district professional learning, staffing coverage and extended time for professional learning communities.

Allowable Uses: Supporting The Learning Ecosystem

(25% of Total Allocation)

Parents & Families

Providing education and training programs for parents and care givers regarding ways a student's family can help ensure students have access to a high-quality multi-tiered system of supports.

This might include, for example, providing families:

- Information on how districts monitor students' progress and make decisions regarding the services and interventions students receive.
- Education and training programs for parents and care givers in supporting their children's development of a growth mindset.
- Education and training programs for parents and care givers in understanding grade level expectations and standards.
