PREFACE

The **Guide for Standard Operating Procedures and Internal Controls** is a document that outlines the business practices that are approved by the Englewood Cliffs Board of Education and administered by the Business Office. It is intended to be used as a reference manual by administrators, secretaries and any staff members that have Budgetary/Financial responsibilities. Its purpose is to provide an efficient, control and accountability system that will help assure appropriate use of "Public Funds". It must be understood that the principles of this manual are based on, "Generally Accepted Accounting Principles," and rely on an assumption that individuals have a general understanding of the financial process of a School System. For this program to operate at optimum efficiency there must be a spirit of cooperation, teamwork and communication between the school staff and the Business Office.

PUBLIC SCHOOL DISTRICT INTERNAL CONTROL DOCUMENT

OVERVIEW:

Internal controls are not separate systems of the school district. Controls are not an isolated activity but an integral part of each activity used to guide the district.

Establishment, maintenance and evaluation of the internal controls are the responsibility of the administration. The evaluation of internal controls includes identifying the framework used by the administration to determine the effectiveness of the internal controls.

Controls are in place to detect or prevent errors and fraud. An error is an unintentional mistake that has the potential to affect the financial statements and fraud is the intentional misuse or misappropriation of district's assets.

OBJECTIVES OF INTERNAL CONTROL:

The three objectives of internal control are to ensure the effectiveness and efficiency of operations, reliability of financial reporting, and compliance with applicable laws and regulations. The safeguarding of assets is a subset of all of these objectives.

Continuous monitoring and testing is needed to help to identify poorly designed or ineffective controls. The administration is also responsible for communicating the objectives of internal control and ensuring the organization is committed to sustaining an effective internal control environment.

COMPONENTS OF INTERNAL CONTROLS:

The five components of internal controls include the control environment, administration's risk assessment, administration's communication of the controls, control activities and monitoring of the controls.

CONTROL ENVIRONMENT:

The control environment includes the organizational structure, the control framework, the district's policies and procedures and internal and external influences. The tone set by the school district's board and administration determines the attitude toward the controls of the district.

ORGANIZATIONAL STRUCTURE:

The organizational structure determines the administration's responsibilities and sets the relationship with the board, which sets the policies.

CONTROL FRAMEWORK:

Elements of a control framework include the following:

Segregation of duties to help ensure the reliability of the organization's internal controls, one person should not have access to all stages of a process. If there is not

proper segregation, situations could arise where errors or irregularities occur and go undetected.

Integrity and competence of the personnel performing the duties are key to achieving the desired controls. This includes hiring the proper people and continually training personnel. It is important to ensure that employees who perform financial tasks have the knowledge and skill to perform their duties.

Communication by the administration of the controls and the employee's responsibilities are as important as ensuring that employees know how to communicate irregularities that may arise. Proper supervision of employees is needed to ensure proper execution of control activities.

DISTRICT'S POLICIES AND PROCEDURES:

The district's policies set the overall direction of the district. Procedures for all areas of financial preparation, reporting, operations, transportation, maintenance, personnel and payroll are needed. These policies and procedures will become the basis for the determination of compliance.

ADMINISTRATION'S RISK ASSESSMENT:

The administration has to conduct an assessment of risks relevant to the financial statements. This includes the identification of potential risks, the analysis of the potential impact of those risks on the ability to properly report the financial statements and the overall management of risks. Items to consider in the risk assessment of the district include, but are not limited to:

1. New personnel or new duties for existing personnel
2. How a change in accounting information system impacts controls and how effectively the training of personnel on new system was conducted
3. Changes in the regulations and laws that may affect the control environment
4. Record storage is appropriate and secure (fireproof cabinets when needed for manual documents and proper passwords and access limitations for electronic information)
5. District limits access to computers and data files
6. Segregation of duties
7. Transactions are recorded timely
8. Cash is deposited timely
9. Assets are physically safeguarded
10. Transactions are performed by only authorized personnel
11. Reconciliations are properly and promptly completed
12. Occurrences of management override

INFORMATION AND COMMUNICATION:

The administration needs to determine if the information systems utilized in the district are adequate and relevant for their intended purpose.

The district's administration is responsible for communicating the controls of the district and the responsibilities of each employee in the control system. The administration is also charged with reviewing information that may indicate a flaw in the controls that would not allow the control to detect an error in a timely fashion.

CONTROL ACTIVITIES:

Control activities include the policies and procedures that are in place to achieve the controls desired. Documentation of the control activities is vital to the overall control environment. These activities include, but are not limited to:

1. Segregation of duties
2. Transactions are recorded timely
3. Cash is deposited timely
4. Assets are physically safeguarded
5. Transactions are performed by only authorized personnel
6. Reconciliations are properly and promptly completed

CONTROL ASSERTIONS:

Control activities can be categorized into one or more assertions. All assertions should be addressed for each process (payroll, cash disbursements, etc).

1. Existence (E) /Occurrence (O) – Existence is whether the assets or liabilities of the district exist at any given point in time (cash, state aid receivable). Occurrence is whether the transaction took place (goods were received before the PO was moved to accounts payable from encumbrances)
2. Valuation (V) or Allocation (A) – Valuation is whether the asset or liability is included on the board secretary’s report at the proper value (the amount of cash or state aid receivable). Allocation is whether the revenue and expenditures were recorded in the proper amounts.
3. Accuracy/ Classification (A/CL) – transactions are recorded accurately and the classification of the transactions are proper.
4. Completeness (CO) – is whether all transactions are included (unrecorded purchase orders).
5. Cutoff (C) – Transactions are recorded at the proper time (purchase orders written in the proper year).

MONITORING:

The administration is charged with reviewing internal controls on an ongoing basis. Monitoring can include responding to the recommendation of the auditor in changes in the controls. Reviewing correspondence from outside sources such as banks and vendors for unusual items is part of monitoring.

Employees should be required to “sign off” on their understanding of the control activities and their responsibilities in those activities.

AFTER THE CONTROLS ARE ESTABLISHED:

Once the district establishes controls, those controls need to be evaluated at least annually and anytime circumstances dictate. Changes in personnel or regulations are examples of these.

As controls are evaluated they will either be effective or ineffective at achieving the proposed control. Controls are effective when there would be no material weaknesses in internal controls involved in financial reporting. Ineffective controls would be those where

at least one material weakness exists. If a control is determined to be ineffective, then the control deficiency needs to be evaluated.

CONTROL DEFICIENCIES:

A control deficiency exists when the design or operation of a control does not allow the administration to prevent or detect misstatements on a timely basis. A design deficiency exists when a necessary control is missing or is not designed to enable the control objective to be met. An operational deficiency exists when control is designed properly, but does not operate as designed or the person performing the control is not qualified to perform the control.

A deficiency may exist that is unavoidable (segregation of duties in a small office). For these, compensating procedures should be put in place. These compensating procedures do not correct the deficiency.

REASONABLE ASSURANCE AND LIMITATIONS ON CONTROLS:

Reasonable assurance is a high level of assurance, but is not absolute. The district should understand that potential fraud could exist and not be detected timely in the following circumstances: when the district has poorly designed or operated internal controls, or when there are too many overrides of controls, when there is collusion between employees or between an employee and a third party.

REVIEW OF DISTRICT PROCESSES:

When reviewing processes in the district, it may help to consider incorporating the "5 Ws".

1. Who performs each activity? Who receives the outcome of the activities?
2. What activities are performed? What forms and reports are used? What computer systems and files are used?
3. When are activities performed? What is the sequence of activities? What is the timing of the activities? What is the frequency of the activities?
4. Where are activities performed (i.e., board office, school, etc.)?
5. Why are activities performed (i.e., what risks are controlled, what control assertion does process step serve, etc.)

One final consideration should be whether any changes to the process will increase the efficiency of the process or firm up the controls.

CONTROLS LISTED:

The controls listed here are not intended to be a complete list of controls, as each district will have different processes, controls and concerns. These items should be used as a beginning for the review of controls.

EVALUATING INTERNAL CONTROLS

TITLE: Internal Control

Subtitle: Evaluation of Internal Controls

Purpose: To ensure that controls are evaluated on a periodic basis to ensure the controls continue to be effective.

Procedure:

1. The business administrator will establish a process to evaluate internal controls over all areas of financial and operational procedures in the district.
2. These internal controls should be evaluated periodically and every time one of the following conditions exists:
 - a. Change in personnel performing a control function
 - b. Change in accounting system
 - c. Change in regulations
3. As the controls are evaluated, a determination should be made that designates the control as adequate and adjustments made as necessary.
4. Written documentation of the review of the controls in place will be kept and will be available for audit review.

COMMUNICATING STAFF MEMBERS ROLES

Title: Internal Control

Subtitle: Communicating staff members role in the Internal Controls

Purpose: To ensure that everyone in the district who performs or should perform a control function understands the control.

Procedure:

1. The business administrator will establish a procedure to ensure that all employees and board members who are charged with a control understand their role.
 - a. A review of the controls and the staff members' role in the controls should be conducted routinely and anytime there is a change in the control, the personnel or the laws and regulations affecting the control.
 - b. Documentation of these reviews will be maintained.

CASH/CHECK CONTROLS

Title: Internal Control

Subtitle: Cash/Check controls

Purpose: To identify the controls over cash/check and the personnel responsible

Procedure:

The Business Administrator will establish a procedure to ensure that all employees who are charged with cash and/or checks are aware of their role.

See Section 3 for controls.

PAYROLL CONTROLS

Title: Internal Control

Subtitle: Payroll controls

Purpose: To identify the controls which exist over payroll related items.

Procedure:

1. The business administrator will establish controls that help ensure that potential errors and fraud in payroll should be avoided and/or detected in a timely manner. These controls may be some or all of the following:
 - a. With respect to payroll:
 - Periodically search for fictitious employees
 - Determine improper alterations of amounts
 - Verify that Federal and state deductions are taken, remitted and documented
 - Verify all voluntary deductions are taken, remitted and documented
 - Examine time sheets and trace to payroll records in order to verify the proper recording of employee hours
 - Verify the accuracy of pay rates by comparing them to Board Minutes.
 - Review the adequacy of internal controls relating to hiring, overtime, and retirement
 - Determine if proper payroll forms exist such as W-4s and I-9s

Title: GENERAL LEDGER

Purpose: To ensure accurate and timely recording and reconciliation of all financial activity.

Staff Assigned: Business Administrator, Accounts Payable, Bookkeeper and/or Financial Clerk(s).

Procedure:

Opening Entries

Verifies that correct beginning balances and voter approved budget are entered into software.

Records revenue entries for tax levy receivable, state aid receivable, debt service aid, tax levy and/or state aid, and other known receivables including tuition and transportation.

Monthly

Compares Board Secretary's Report to Subsidiary Ledgers.

Compares Board Secretary's Report to Treasurer's Report for agreement.

Verifies that all accounts are reported in the Board Secretary's Report.

Verifies that all bank reconciliations are prepared for all bank accounts and are in agreement with the Board Secretary and Treasurer's Report.

Reviews all accounts for funds availability, prepare transfer as needed.

Completes Transfer Worksheet for all accounts. Obtains Board Secretary's signature and keep on file for auditor. Files with County for authorization if any transfer exceeds 10% limit.

Obtains Board Secretary's signature (report is prepared by Asst to the Business Administrator/ Board secretary) on report and submit for board approval.

Year –End Procedures

Completes all accruals.

Reviews all balance sheet accounts, compiles documentation for audit verification.

Reviews all open year-end purchase orders for determination as accounts payable or carry forward encumbrance.

Reviews all accounts payable or encumbrances from the prior year, if any are open. (Note: Outstanding encumbrances should have been paid within 90 days.)

All tasks performed by support personnel will be reviewed and approved by the business administrator.

ACCOUNTS RECEIVABLE

Monitors and correctly records monthly receipt of tax levy for general fund and debt service (if applicable).

Monitors and correctly records monthly receipt of state aid for general fund, capital projects and debt service (if applicable).

Monitors and correctly records monthly receipts.

Records monthly receivable amounts for federal and state Child Nutrition reimbursements, and correctly records monthly receipt. Verifies year-end accounts receivable for preparation of audit.

Records bi-monthly receivable amounts for TPAF FICA; monitors and correctly records electronic transfer receipts. Verifies year end accounts receivable amount for preparation of audit.

ACCOUNTS PAYABLE

Checks all invoices against original order, investigates differences.

Routinely reviews outstanding orders and investigates delivery of items on orders more than ninety days old.

Compiles voucher package for payment verifying that receiving copy is signed by authorized employee, invoice or documentation supporting reimbursement is accurate, and if applicable that voucher is signed.

Obtains signatures of school business administrator and superintendent authorizing payment.

Enters payments into the accounting system for payment; generates checks and claims list for review by Board of Education Finance Committee Member(s). Submits bills and claims list to the board for approval on a monthly basis.

Subsequent to Board approval of claims list, acquires signatures of Board Secretary, or other Board authorized representative as per Board policy and mails checks to vendors.

Issues manual (hand-drawn) checks only for special or emergency situations as per direction of school business administrator.

All tasks performed by support personnel will be reviewed and approved by the School Business Administrator.

PAYROLL

Receives copies of contracts (prepared by Human Resources) for Board approved staff, logging employee against position control roster.

Verifies social security number of all new employees; reviews documentation provided (passport, drivers license, etc.) as per State mandates. Accepts and processes applications for pension and benefits. Creates paper employee payroll file and electronic file in payroll software, and an employee number is assigned. Determines annual totals by GAAP account, modifying monthly if needed; compares to budget and advises business administrator of any projected over expenditure.

Creates annual purchase orders for payroll, taxes and benefits, and information is entered on computer. Modifies encumbrance monthly if needed.

Verifies that all timesheets are properly completed, amounts are accurate, and include authorizing signatures.

Inputs all information, as needed semi-monthly to process payroll.

Prepares monthly register for Superintendent, Business Administrator/Board Secretary and Board President's signature.

Checks computer output for accuracy, control and disbursement of payroll checks and direct deposits.

Provides document to make electronic transfer of funds to net payroll and agency accounts (reviewed and approved by supervisor)

Maintains records covering all payroll deductions and payroll information. Prepares all forms related to payroll; documentation to make electronic payments or issue checks for payroll taxes (Social Security/ Medicaid), transmittal of voluntary deductions, payment of premiums for benefits, payment of pension/contributory insurance.

Controls and maintains all payroll and payroll agency accounts; provides copies to Treasurer of School monies who will complete the bank reconciliation.

Work is reviewed by a supervisor on a monthly basis.

FIXED ASSETS

Technology Coordinator will record any equipment item over \$2,000 inclusive of delivery and/or installations costs and classify as a fixed asset.

The Accounts Payable employee will give the Technology Coordinator a copy of the purchase order and will highlight the item to be added to the fixed asset inventory upon receipt of goods.

The Technology Coordinator will update the inventory records and tag the equipment.

Building principals/supervisors will annually provide a report to the Technology Coordinator of any fixed asset that is no longer used/needed. The Business Administrator will arrange for disposal of fixed assets as per Board policy and update the inventory to reflect the disposal.

All sheets will be maintained for year-end update of the fixed asset inventory, and balance sheet adjustments for the annual audit.

CASH MANAGEMENT

Prepares deposit slip for cash and/or checks and makes arrangements for delivery to bank within the statutory time limits.

Records all ACH deposits and bank deposits in the district budgetary system on a monthly basis.

Utilizes on-line banking for ACH wires, transfers, stop payments, etc. Any wire transfer outside of the board accounts will require supervisor authorization.

Estimates Monthly accounts payable, semimonthly payroll, and debt services payment, creating an estimated cash flow projection. (Optional: for thirty days, sixty days, and ninety days.) Estimates and advises school business administrator of amounts available for investment.

Cash disbursements –Checks will be kept in a secure location; payments will be made by check of items on claims list after Board approval.

Investing – cash balances will be reviewed periodically to identify investment opportunities; all investments must be in accordance with state statutes.

The Treasurer of School Monies will verify signatures on checks, monthly reconcile all bank accounts, and prepare the Treasurer of School Monies report to submit to the Board of Education within 30 days of the close of the month.

Cash receipt and cash disbursement functions are performed by different staff. In the event that this is not possible, the supervisor should on at least a monthly basis review all transactions.

Title: **Acceptance of Gifts**

Purpose: To establish guidelines for donations to the district from the community, vendors, foundations and other sources.

Procedure:

Acceptance of gifts or scholarships from any individuals or groups in the community requires the approval of the Superintendent of Schools subject to Board Policy. Please note the following:

1. No gift or scholarship will be accepted, which in the opinion of the Superintendent is inappropriate for use by the schools.
2. The use and disposition of such gifts or scholarships will remain at the discretion of the Superintendent.
3. Gifts requiring installation and/or maintenance costs will be accepted only upon approval by the Superintendent.
4. All gifts require final approval by the Board of Education.

Title: **Inventory**

Subtitle: **Disposal of Obsolete Equipment**

Purpose: To dispose of items no longer in use and have no definable future use so as to maintain the schools without clutter.

Procedure:

Requests to dispose of outdated, obsolete and/or surplus books will be made to the School Business Administrator by an administrative staff member.

Board policy will be followed concerning disposal. Equipment may not be sold directly to individuals. If the estimated fair value of the property to be sold exceeds the amount determined by the Governor in any one sale and it is neither livestock nor perishable goods, it will be sold at public sale to the highest bidder. If the value is less than the amount, public sale is not required, but may be desirable.

All proceeds from the disposition of equipment or supplies will be deposited in the general fund of the Board of Education.

Legal Reference N.J.S.A. 18A:18A-4S

Title **Inventory**

Subtitle: **Equipment Identification and Accountability**

Purpose: To maintain a fixed asset inventory as per GAAP, audit guidelines, and for insurance purposes.

Procedure:

NEWLY PURCHASED ITEMS

1. When equipment items costing \$2,000.00 or more are received, a copy of the purchase order will be given to the Technology Coordinator by the Accounts Payable Person.
2. An asset number will be assigned by Technology Coordinator. An inventory tag will be used and recorded for filing. It is the responsibility of the technology person to ensure the tag is attached to the equipment.
3. An Inventory of fixed assets will be maintained and continually updated by the Technology Coordinator and a copy will be given to the Business Office.
4. The serial number will be noted on records

TRANSFERS AND DISPOSAL OF EQUIPMENT

1. When equipment is moved on a permanent basis the technology person is responsible for advising the business office in writing of the transfer out and the new location of where the item has been placed. It is the responsibility of the technology person to update the fixed asset inventory list and submit to the business office.
2. A completed description inclusive of serial number will be sent to the school business administrator in writing when requesting disposal of equipment. Business Administrator will submit for Board approval and will notify technology person to proceed with disposal of equipment.

Title: Sales Tax Exemption Qualifications

Purpose: To implement guidelines to assure that funds are expended appropriately and that no funds are paid for sales tax as the Board of Education is exempt.

Procedure:

1. Only expenditures for instructional purposes from the approved school budget are eligible for sales tax exemption.
2. Exemption letters are available through the Business Office and will be provided upon request to accompany an approved purchase order.
3. Sales tax will not be reimbursed for items purchased through petty cash.

Legal Reference: Sales Tax Exemption Letter

Title: Financial & Bookkeeping Controls for Petty Cash Funds –

Purpose: To establish a uniform method of accounting and bookkeeping controls for the Petty Cash Funds

Reference: N.J.A.C. 6:20-2.10 and N.J.S.A. 18A19.13

Procedure:

1. The Board of Education recognizes the convenience of a petty cash fund in the day to day operation of a school district, but the Board is also aware of the abuses that can result from the establishment of such funds unless there are proper controls.
2. The Board authorizes the establishment of the following petty cash funds at these locations in the following amounts
3. The account will be under the management of the budget secretary, principal or administrator of the office or school. The individual responsible for managing the account cannot be the authorized signor of the account. Petty cash funds are to be kept in a secure and locked location at all times.
4. In accordance with District Practice, no single payment from petty cash will exceed \$25.00. The account manager shall insure that petty cash funds are spent only for stamps, delivery charges, office supplies, miscellaneous purchases, and reimbursement of minor expenses. The account manager will ensure that there is a sufficient balance in the appropriate account prior to petty cash funds beings used.
5. To request a purchase using petty cash, an Englewood Cliffs Board of Education employee should go to the appropriate account manager to complete the Petty Cash PO, a copy of which is attached. The petty cash PO is a two part electronic form. It will include the vendor, date, account number, description and amount. Attached to the PO will be all supporting receipts, invoices, or other documentation for the purchase. Upon completion of the Petty Cash PO, both parts of the PO, all supporting documentation and a prepared check will be given to the authorized signor for review and signature. Upon his/her approval and signature the petty cash check will be released along with one copy of the PO to the vendor.
6. When funds are to be replenished, the account manager will follow standard district procedures for the processing of purchase orders in Systems 3000. All supporting documentation and Petty cash PO's will be submitted to the Board Office at this time.
7. All funds are to be closed out on June 30. To accomplish this, final reimbursement will be into the Business Office for payment at the final Board Meeting in June. This will allow for turning in the local amount of the authorized fund in cash to the School Business Administrator for deposit back into the General Account of the Board. All Board approved funds will be reestablished on July 1.

SECTION I – INTERNAL CONTROLS

Title: Financial & Bookkeeping Controls for Petty Cash Drawer

Purpose: To establish a uniform method of accounting and bookkeeping controls for the Petty Cash Drawer

Reference: N.J.A.C. 6:20-2.10 and N.J.S.A. 18A19.13

Procedure:

1. The Board of Education recognizes the convenience of a petty cash drawer in the day to day operation of a school district, but the Board is also aware of the abuses that can result from the establishment of such funds unless there are proper controls
2. The Board authorizes the establishment of the following petty cash drawer at these locations in the following amounts

Business Office	\$200.00
-----------------	----------
3. The account will be under the management of the budget secretary, principal or administrator of the office or school. The petty cash drawer is to be kept in a secure and locked location at all times.
4. In accordance with district practice, no single payment from petty cash drawer will exceed **\$25.00**. The account manager shall insure that petty cash drawer monies are spent only for stamps, delivery charges, office supplies, miscellaneous purchases, and reimbursement of minor expenses. The account manager will ensure that there is a sufficient balance in the appropriate account prior to petty cash drawer monies being used.
5. To request a purchase using the petty cash drawer, an Englewood Cliffs Board of Education employee should go to the appropriate account manager to complete the Petty Cash Drawer Request Form, a copy of which is attached. The form is a one part form. It will include the vendor or department, date, account number, description and amount. It also will include the requestor's signature. Attached to the Request form will be all supporting receipts, invoices, or other documentation for the purchase. Upon completion of the form, the account manager will release funds to the requestor with a copy of the form for his/her records.
6. When funds are to be replenished, the account manager will follow standard district procedures for the processing of purchase orders in fund account software system. All supporting documentation and petty cash drawer request forms will be submitted to the Board Office at this time.
7. All funds are to be closed out on or before June 30. To accomplish this, the remaining balance at the end of the year will be delivered to the Business Office for deposit into the district's General Fund.

Title: **Financial & Bookkeeping Controls for the Athletic Fund
(Not Applicable to Englewood Cliffs)**

Purpose: To establish the financial controls for the administration of the inter-scholastic athletic program to insure the program is operated fairly and efficiently, and the Board is fully informed of its status.

Reference: N.J.S.A. 18A:19-14, N.J.A.C. 6:29-6.4, and 18A:23-2

Procedures:

1. The Board of Education recognizes the convenience of an athletic fund account in the operation of the school district's interscholastic athletic program, but is also aware of the abuses that can result from the establishment of such funds unless there are proper controls.
2. The Board Authorizes the establishment of the following petty cash funds at these locations in the following amounts:
3. The fund will be under the management of the Athletic Director or principal of the _____ . The individual responsible for managing the account cannot be the authorized signor of the account or the account requires two authorized signatures on each check issued. The Athletic Fund checkbook is to be kept in secure and locked location at all times.
4. In accordance with district practice, no single payment from the Athletic Fund shall exceed \$150. The account manager shall ensure that the Athletic Fund is used only for payment to referees. The account manager will ensure that there is a sufficient balance in the account prior to checks being issued.
5. To request payment to a referee from the Athletic Fund, the referee must sign the Vendor's declaration portion of a PO as well as list his address and social security number. After the PO has been signed and the sporting event has occurred, a check is mailed to the referee. Form 1099-MISC will be issued according to IRS procedures.
6. When funds are to be replenished, the account manager will follow standard district procedures for the processing of purchase orders in fund accounting software system. All supporting documentation will be submitted tot board office at this time.
7. All funds are to be closed out on or before June 30. To accomplish this, final reimbursement will be into the Business Office for payment at the final Board Meeting in June. This will allow for turning in the local amount of the Athletic Fund in cash to the School Business Administrator for deposit back into the General Account of the Board. All Board approved funds will be re-established on July 1.

Title: Financial & Bookkeeping Controls for Student Activity Funds

Purpose of Establishing Policy

To establish financial controls for the administration of various student activities operated for the benefit of the students, managed by the budget secretary of each school with the Board indirectly responsible.

1. The general organization of the fund to include student government, student clubs, student publications, school classes and class trips
2. The board authorizes the maintenance of student activity funds to be located at Upper School
3. All funds must be self-sustaining, the responsibility of a designated person and administered by the Business Administrator
4. Interest earned on student activity funds is not part of the district's reported interest on investments and is not transferred to district-wide accounts.

Procedure:

1. Receipt of Funds
 - A. All funds will be collected by the Student Activity designated person. These funds will be deposited within 3 business days into the established bank checking account.
 - B. Funds waiting to be deposited should be kept in a secure and locked location at all times.
 - C. All funds should be of an exchange nature and large balance should not be permitted to accumulate. Money should not be raised unless there is a definite purpose for doing so.
 - D. All deposited funds will be recorded in an accounting application (i.e. Quicken) and will include the date of receipt, source of receipt, amount of receipt and the total amount of the deposit and will be maintained by the designated person in the respective school's central office.
 - E. Whenever cash is collected and turned over to the student activity designated person, a receipt will be utilized to record the transaction.
 - F. Cash is an acceptable form of receipt of funds, however it is discouraged due to the lack of an audit paper trail and the risk of theft.
 - G. Monies collected during a fundraising event where cash is the primary form of receipt (i.e. bake sale, car wash, etc.) should be accompanied by a detailed summary of the deposit. The use of roll tickets is recommended where applicable at these events.
2. Disbursement of Funds
 - A. These funds are designed for various student group activities intended to benefit the students. It cannot be used to supplement goods or services that are provided by the schools budget.
 - B. All funds will be disbursed from the established checking account on the authority of the Building Principal. All disbursements must be supported by a receipt, claim, company invoice or other adequate supporting documentation and will be attached to a Purchase Order or voucher. For

SECTION I – INTERNAL CONTROLS

purchases in excess of \$150, a signed vendor's declaration will be obtained.

- C. All checks written will be recorded in an accounting application (i.e. Quicken) and will include the date of check, payee, amount of check and activity or class to which it is to be charged.
- D. Checks will require two signatures: that of the Student Activity Designated person and either the Superintendent of Schools or the School Business Administrator.
- E. Each month a bank reconciliation must be prepared and this balance is balanced with the individual activity or class balance by the student activity designated person.

On a yearly basis, all financial information shall be submitted to the Board Office for inspection by the Business Administrator and review by the District's Auditor. Materials include, but are not limited to, monthly bank statements and reconciliations, checkbook and check stubs, check register and receipt register, duplicate receipt book, and all PO's or vouchers issued for the previous year with adequate supporting documentation.

Title: Pay Procedures

Reference: 6A:23A-5.7

Procedures:

1. Regular Pay:

- A. Employees will be paid on the 15th and the 30th of each month as per contract. Ten month employees shall receive their final pay for the year on the last day of school.
- B. All ten month employees will receive equal payments that total their contract salary, from September to June inclusive.
- C. All twelve month employees will receive their contract salary, in equal payments, from July thru June inclusive.
- D. Beginning with the 2008-2009 school years, at least every three years, employees will be required to provide to the Business office or a designated administrator, picture identification and sign for release of his or her check or direct deposit voucher (Note: Englewood Cliffs completed in January 2017).
- E. Picture identification shall be in the form of a valid drivers' license, official passport or other picture identification issued by a state, county or other local government agency.
- F. Where no appropriate identification can be produced, the School Business Administrator shall withhold paychecks or stop direct deposits until such time that the payee/district employee can produce appropriate identification or until an investigation and corrective action is concluded.
- G. Upon completion of the payroll check distribution verification procedures, the Superintendent shall submit a certification of compliance, to the Executive County Superintendent.
- H. The Board of Education encourages its employees to have their paychecks directly deposited into their bank accounts. Payroll checks may be split between accounts if desired. Direct deposit continues from year to year unless an employee terminates employment or submits written notification of their desire to cancel their direct deposit. The last paycheck of the school year will NOT be directly deposited but instead of physical check which may be withheld if obligations have not been met by employee before school year ends.
- I. It is the employee's responsibility to notify the payroll department when a bank account designated for direct deposit is closed or is planned to be closed. The payroll department needs at least fifteen days to effectuate the change. Without proper notice, the payroll check will be rejected by the bank. Funds will not be able to be replaced until the "bounced check" is returned to the district. This process can take up to two weeks and will delay the employee's receipt of their payroll check.

2. Payment by Payroll Voucher (includes hourly employees, substitutes, and overtime):

- A. Payroll vouchers are collected and processed twice a month. Completed vouchers must be received by the payroll supervisor on the first and the 16th of each month. Any vouchers not completed in full will be returned to the employee for correction and payment will be delayed.
- B. Any hours added to the work schedule must be approved by the Board of Education prior to the commencement for the additional work time.
- C. All overtime must be pre-approved by the supervisor after consultation with the Business Administrator
- D. All vouchers must be signed by the employee and the school principal, Superintendent and/or the individual who has authorized the extra hours.

3. 403(b) Salary Reduction Plan

In order to take advantage of the 403(b) Salary Reduction Plan, an employee must agree not to contribute, more than the Maximum Exclusion Allowance (MEA), the total amount of contribution to the plan allowed by Internal Revenue Service code each year. The 403(b) representative will do the MEA calculation for each employee. In order to make changes the employee must fill out 403(b) Change Form or submit a salary reduction agreement from the provider. (Reference 403(b) plan document)

4. Changes to Payroll

All other changes to be made for tax or voluntary deductions must be forwarded to the Payroll Department "In Writing" two weeks prior to the pay period that these changes are to take effect.

Title: Budget Account Number Coding

Procedure: When completing purchase orders for materials, supplies, equipment and/or services, it is important to use the correct budget account number as outlined by the New Jersey Chart of Accounts. To assist administrators, supervisors and staff members who complete purchase orders an example of how accounts are displayed has been developed. The GAAP accounts are broken down into 13 digits as follows:

11-000-262-610-03

11 – Fund
 000 - Program and Project/Reporting
 262 - Function
 610 - Object
 03 - Location

Effective with the 2017/18 school year, school level data is required for functions 100; 210-219; 220-223; and 240. These accounts are further broken down into 21 digits as follows:

11-190-100-610-00-300-00-060

11 – Fund
 190 - Program and Project/Reporting
 100 - Function
 610 - Object
 060 - School Location

Fund-an accounting entity with a self-balancing set of accounts.

Funds utilized by the Englewood Cliffs Board of Education include the following:

- 11** General Fund
- 12** Capital Outlay Fund (assets over \$2,000)/acquiring fixed assets
- 20** Special Revenue
- 30** Capital Projects
- 40** Debt Service
- 60** Child Nutrition (Milk Fund)
- 61** Enrichment Program
- 62** Invenengineering
- 90** Payroll Agency

Program and Project/Reporting - activities and procedures designed to accomplish an objective or set of objectives (Subsets of these Programs are utilized by the Englewood Cliffs Board of Education in accordance with the Chart of Accounts for New Jersey Public Schools)

- 100** – Regular Programs – Elementary / Secondary
- 200** – Special Programs
- 300** – Vocational Programs
- 400** – Other Instructional Programs – Elementary /Secondary
- 500** – Nonpublic School Program
- 600** – Adult/Continuing Education Programs
- 700** – Debt Service

SECTION I – INTERNAL CONTROLS

- 800** – Community Services Program
- 900** – Enterprise Programs
- 000** – Undistributed Expenditures

Function - describes the activity for which a service or material object is acquired (Subsets of these Functions are utilized by the Englewood Cliffs Board of Education in accordance with the Chart of Accounts for New Jersey Public Schools)

- 100** – Instruction
- 200** – Support Services
- 300** – Operation of Non-Instructional Services
- 400** – Facilities Acquisition and Construction Services
- 500** – Other Uses

Object -used to describe the service or commodity obtained as the result of a specific expenditure (Subsets of these Objects are utilized by the Englewood Cliffs Board of Education in accordance with the Chart of Accounts for New Jersey Public Schools)

- 100** – Personnel Services – Salaries
- 200** – Personnel Services – Employee Benefits
- 300** – Purchased Professional & Technical Services
- 400** – Purchased Property Services
- 500** – Other Purchased Services
- 600** – Supplies & Materials
- 700** – Property
- 800** – Other Objects
- 900** – Other Uses

Location - School Buildings/ Departments

Locations utilized by the Englewood Cliffs Board of Education include the following:

- 000** – DistrictSchool
- 040** – North Cliff
- 060** - Upper School

Title: Budget Development Process**Procedure:**

Annually develop a site-based managed school budget. School Budgets are the responsibility of the Building Principal. It is also the responsibility of the Principal to justify proposed expenditures in each of the line item accounts. Building Principals track their school accounts during the year making the necessary transfers needed to ensure no accounts are over- expended. If during the budget development process there is a need to reduce the school budgets, the Building Principal will be notified of the amount and is responsible for re-submitting the changes to the revised school budget. Below is a sample breakdown of the budget process.

Last week in September - Budget materials to be given to Building Principal/Director of Special Services, Technology Person and Buildings and Grounds Supervisor. **Compiled budget materials due in Business Office on or before 12 p.m. on November 24, 200_.**

Third Week of October - Educational Data Cooperative Bidding information should be available by this time. You will receive information on this when it is available to us. Business Administrator will begin attending department/grade level meetings, as needed, to discuss budget issues and procedures. Meetings to be arranged by Building Principal.

Fourth Week of October - Principal, Technology person and Building and Grounds Supervisor are to meet with the Superintendent/ Business Administrator to discuss format for budget.

Third Week of November - Superintendent and Business Administrator have first Budget Meeting with Finance Committee of Board of Education. (Review format for budget process and goals.)

Fourth Week of November - **Compiled budget materials due in Business Office on or before 12 noon.**

Second Week of December - Superintendent and Business Administrator to meet with Principal, Technology person and Building and Grounds Supervisor to review budgets.

Third Week of December - Superintendent and Business Administrator to have second budget meeting with Finance Committee of Board of Education. (Begin review of central office and salary accounts. 2010 – Re-Negotiation of NJEA contract)

Third Week of January - Finance Committee to give interim report on school budget.

Third Week of February - Superintendent, Business Administrator, and Finance Committee make recommendations to the Board of Education for adoption. (Contingent upon New Jersey Department of Education releasing State Aid budget figures.)

First Week of March - Governor's Budget Address: State aid figures released.

Various Week of March - Budget due to County Office for approval

First Week in May - Public hearing on Budget

SECTION I – INTERNAL CONTROLS

Title: Budget Transfers

Procedure:

Individual budget line item transfer requests are to be submitted to the School Business Administrator by the Building Principal. Requests must be submitted in writing. When transferring money from one account to another, the "from" account must have enough money to cover the transfer. If not, then the transfer cannot be completed. Make sure the correct account numbers that need to be affected are used and include the description of the account.

Maintain record of cumulative transfers and report any transfers in excess of 10% to County Office.

Update transfer report as necessary, (suggested on a monthly basis), for submission to County Office twice a year (December and June).

Title: Grant Application Procedure

Procedure:

1. All grant applications must be submitted for approval prior to submission to the Granting Authority to the Building Principal then to the Supervisor of Curriculum and Instruction. All grants require approval from the Superintendent and action from the Board of Education.
2. All other procedures as described in this handbook will apply to transactions involving grant funds.

Title: Position Control

Purpose: Accurate and timely recording and reconciliation of budgeted positions to actual contracted employees and payroll.

Reference: 6A:23A-6.8

Staff Assigned: Business Administrator, Accounts Payable, Data Coordinator, Bookkeeper, and/or Payroll Clerk(s), Human Resources Personnel.

Procedures:

Position control is a process to measure the current status of positions for personal services within the district in order to analyze their fiscal impact on the whole budget year. The impact of a position is determined by actual expenditures from the beginning of a fiscal year plus amounts set aside to cover appointments to the position for the remainder of the fiscal year.

The concept of position control implies that each position must be defined in specific terms and that the hiring procedure may not be completed until a specifically defined position exists for the applicant. Budget Status is determined by combining elements from the Position File, the Payroll Distribution File, and the Employee Data Base.

The base line year to use for position control is the snapshot date of February 1 of the prebudget year. Grouping should be established by budgetary function and object at a minimum.

The procedures as outlined in NJAC 6A:23-6.8 will be undertaken under the supervision of the School Business Administrator to develop a position control roster and maintain it in an accurate, complete and up-to-date fashion.

Human Resources person, Assistant to the Business Administrator and Data Coordinator will review the first week of each month to ensure accuracy.

The School Business Administrator will routinely review reports to verify the accuracy of the documents and file for audit review.

Title: Authority to Purchase, Bidding and Quotations

Purpose: To establish procedures for procurement of services and goods in accordance with federal, state, and local policy.

New Jersey State Statute 18A:18A-2(b) - The Purchasing Agent/School Business Administrator is the only individual in the school district with the authority to make purchases for the Board of Education.

Authorized Purchases

All requests for the purchase of goods and /or services must be made through an approved purchase order signed by the School Business Administrator. No goods or materials may be ordered or work/service be authorized to begin by any individual in the school district other than the School Business Administrator.

Unauthorized Purchases

Any Board of Education employee who orders and/or receives any materials, supplies or services without going through the approved purchase order process has made an unauthorized purchase that may be subject to disciplinary action.

Purchasing Limits:

1. **QUOTATIONS:** Three quotes are required for or any aggregate purchase which exceeds 15% of the bid limit. If the aggregate for the year will exceed the bid limit, all purchases must be made through the bid process.
2. **BIDDING PROCESS:** When a single item or service of a group of like items are at or exceed the bid limit as defined by the State, a formal bid process through the Business Office is required. Building Principals or Program Supervisors are responsible for providing the Business Office with detailed specifications and a list of vendors (if requested) for each item or service being purchased. After award of the bid the Business Administrator will notify the appropriate party of the award and the person requesting will submit a purchase order.
3. **STATE CONTRACTS** - Purchases may be made using State, Inter-state, County, and/or Regional Contracts under the regulations and conditions of the bid.
4. **OTHER ITEMS:** The purchase of any single item or service not falling into one of the above categories must be processed on a purchase order which will be approved by the School Business Administrator prior to the purchase. This means there will be no purchase orders authorized by a telephone call by a Principal, Supervisor, Teacher or other staff member. Board members/staff members attending conventions or workshops are not to make purchases in the name of the school district without following the purchasing process.
5. **Preview of Materials:** All staff members must receive permission from Principals or Supervisors to preview materials. After the preview process has been completed, the item must be returned. If there is a desire to purchase the previewed item, then a purchase order must be originated for a new item.

6. **Reimbursements of employees:** The Board of Education recognizes an employee reimbursement purchase order when it pertains to pre-approved travel, meal and conferences. Purchase orders made payable to staff members for reimbursement for travel, meals, and registrations may be issued following conference attendance but may not exceed the approved amount.
7. **Student Activity Accounts:** Purchases made through Student Activity Accounts may not be reimbursed with Board funds.
8. **Ethics Law Requirements (Pay to Play):** The board will not vote upon or award any contract in the limits defined in State law and regulations to any business entity which has made a contribution reportable by the recipient under P.L. 1973, c.83 (NJSA 19:44-1 et seq.) to a member of the Board during the preceding one-year period.

LEGAL REFERENCE: Bidding requirements N.J.S.A. 18A:18A 3 and 4, quotation requirements N.J.S.A. 18A:18A-37.

Title: USE OF SCHOOL FACILITIES

Purpose: Since the schools belong to the people of the school district and since the plant facilities are established, maintained, and operated by funds provided by local taxes, the Board of Education accepts the responsibility for making its plant facilities available to responsible organizations, associations, and individuals of the community for appropriate civic, cultural, welfare, or recreational activities which do not infringe upon, nor interfere with, the conduct and best interests of the school system.

Procedures:

The Board of Education authorizes the Business Administrator, or designee to approve and schedule the use of school facilities by school related and non-school organizations as per the Board of Education Policy and Board Regulations.

A request for use of facilities form will be obtained and completed by the organization requesting use. All required certificates of insurance as well as hold harmless agreements will be attached to the request. Any special requirements for the use of auditoriums, cafeterias, gymnasiums, and/or equipment will be provided.

Any applicable fees and reimbursement of expenses will be determined and conveyed to the organization. A copy of the approved use of facilities form indicating the fees to collect will be forwarded to the person responsible for cash receipts.

The event should be placed on a district calendar, if applicable, for distribution to all appropriate parties.

Title: Facilities (includes administration of work and health and safety)

Purpose: The Board of Education recognizes that adequate facilities must be provided to all students and that it must maintain all buildings so that students have a safe and healthy environment in which to learn.

Procedure:

Maintenance and Repair of Equipment

- A work order must be submitted and approved by the building principal before any repairs are performed. It is then forwarded to the Business Office. Once the Business Administrator approves the order work, work may be performed.
- All attempts will be made to schedule all repair work (unless it is an emergency) when it is least disruptive to the learning environment.

Noise Control

- The Maintenance Department attempts to schedule work with high noise potential at times least likely to be disruptive. However, it is not always possible to delay emergency repairs.
- When you are bothered by noise caused by repair projects, contact the building principal or business administrator so arrangements can be made to try to accommodate your needs.

Pest Control

- The Buildings and Grounds Department provides exterminator services to rid the building of rodents, insects and other pests in accordance with the district's Integrated Pest Management Plan.
- Please contact the building and grounds supervisor if this service is needed.

Recycling / Chemical Hygiene and Disposal of Hazardous Wastes

- The Head Custodian for each building is in charge of complying with IPM regulation and recycling procedures in each building.
- All chemical hygiene and disposal of Hazardous Wastes will be performed according to policy and requirements with prior approval of the Business Administrator.

Right To Know

- The district will maintain up to date Right to Know logs and ensure that all employees are provided training at the time of initial employment.
- The district will provide training on Right to Know regulations to all new employees. Retraining will also be provided as required.

Safety/Accident Reporting

- All accidents will be reported to the Business Administrator on the appropriate district approved form. Following review, the accident form will be forwarded to the district insurance carrier in accordance with the district's risk management procedures.

Asbestos Management

SECTION I – INTERNAL CONTROLS

- The district shall maintain its AHERA management plan and ensure that it is updated every three years.

Indoor Air Quality

- Indoor Air Quality concerns should be forwarded to the IAQ Compliance Officer.

Fire Alarm Systems

- The district shall ensure that annual inspections are performed on the fire alarm system. It shall also conduct monthly inspections of all fire extinguishers.

Boilers

- The district will ensure that all boilers are inspected annually
- The district will ensure that a properly licensed boiler operator is on site whenever the boilers are running and buildings are occupied

Safety Inspections

- The district will ensure that all health and safety inspections are done on a regular basis, in accordance with the NJ Department of Education evaluation of school buildings checklist

Long Range Facility Plan

- The district will ensure that it submits all required documents for its Long Range Facility Plan to the Department of Education on a timely basis

Comprehensive Maintenance Plan

- The district shall annually approve its three year comprehensive maintenance plan which shall include corrective and preventative measures for the interior and exterior of each building

OSHA/PEOSHA requirements

- The district shall comply with all OSHA and PEOSHA requirements including but not limited to lockout/tagout and confined spaces procedures

Title: Facilities Usage Request Procedures

Purpose: To have a way in which building usage can be coordinated and controlled.

Staff Assigned:

Procedures:

1. All facility usage requests must be on the district Facility Usage Request Form with an original signature from applicant as per district policy. (All faxed information must be followed up with a hard copy and original signature.)
2. Data Coordinator will give Facility Usage Request Form an internal number and enter into the district tracking program for recording usage.
3. Original Facility Request Usage Form will be reviewed for an original signature by the Data Coordinator.
4. Original Facility Usage Request Form will be forwarded to the Business Administrator for review and approval and Building and Grounds Supervisor for confirmation of custodial availability.
5. After approvals, the Facility Request Usage Form will be entered on the system and recorded on the facility calendar.
6. Confirmation memorandum typed to organization/individual requesting facility usage.
7. Separate procedure for billing organizations.

Title: Facilities Billing Procedures

Purpose: To ensure that revenue is collected for building usage.

Staff Assigned:

Procedures:

Preliminary Bill

1. Preliminary bill will be generated when confirmation memorandum is ready for Business Administrator/Board Secretary signature.
2. Data Coordinator will generate preliminary bill (if applicable).
3. All calculations will be checked for accuracy.
4. Confirmation memorandum and preliminary bill will be forwarded to Business Administrator/Board Secretary.
5. Business Administrator/will review preliminary bill, sign confirmation memorandum, and forward to Assistant to the BA.
6. Assistant to the BA will record pending receipt and forward to Data Coordinator for appropriate distribution.
7. All checks received will be turned over to the Assistant to the BA within one working day of receipt for deposit.

Final Bill

1. Final bill (if applicable) must be completed within five working days of event.
2. **Facility Use Secretary** will generate a final bill to include, facility fees or cost of any damages to building/equipment.
3. All calculations will be checked for accuracy.
4. Business Administrator/will review final bill and forward to Assistant to the BA.
5. Assistant to the BA will record pending receipt and forward to Data Coordinator for appropriate distribution.
6. All checks received will be turned over to the Assistant to the BA within one working day of receipt for deposit.

Title: **Facilities**

Subtitle: Maintenance and Computer Work Order System

Procedure: Maintenance Work Order System

In order to ensure that building maintenance projects are done in a timely fashion, a work order system must be followed. Work orders may be generated by the teachers or other school personnel but must be forwarded and approved by the building Principal or designee and recorded by the Buildings & Grounds supervisor. No maintenance projects will be started without an approved work order request. The work orders will be processed in the order they are received. The Supervisor of Buildings and Grounds will prioritize the work orders according to the date needed and the severity of the work that needs to be done. The Supervisor of Buildings and Grounds will send a notice upon completion of the project.

Procedure: Computer Work Order System

In order to ensure that computer repairs are done in a timely fashion, the following procedure must be followed.

1. A work order is generated through the district's work order system, assigned a number, description of the request or problem, reflects room location, person requesting work order, as well as date needed or reason for priority status.
2. Work orders will be processed in the order they are received, unless there is one that is classified as a priority request.
3. Upon completion of the work order, the person initiating the work order will receive a report stating that the work is completed.

Title: Security

Purpose:

The Board of Education believes that the buildings and facilities of the district represent a substantial community investment. The Board directs the implementation of procedures to protect this investment.

Procedure:

Buildings and Grounds Security

- The Building and Grounds Supervisor and staff are responsible for buildings and grounds security.
- All exterior building doors shall be locked at all times. Doors will be unlocked for student admittance during designated times at the beginning and end of the school day.
- Staff members shall not prop doors open for any reason.
- In the evening, all doors shall be locked except those where access is required for public meetings or facility use events.

ID Badges

- All employees shall have in their possession their district issued identification badges when school is in session.
- All visitors in the building shall wear identification badges issued by the main office.

Visitors/Deliveries

- All visitors during the school day will be permitted access to the building only through the main school office.
- Deliveries to loading area shall be permitted only after driver has checked into the main school office and a building and grounds staff member has been assigned to oversee the delivery.

Building Keys

- Building principals are required to oversee the issuance of building keys to teaching staff members. Building keys are to be turned in to the building principal on teachers' last day of school in June.

Parking Areas

- Staff members shall park in areas designated for staff (or in assigned parking spots).

TITLE: Emergency Preparedness

PURPOSE: To provide district staff with a reference document and to provide the administration with detailed information to use in the event of an unforeseen crisis.

1. The administration shall create a detailed Emergency Management Plan (N.J.A.C. 6A:16-5.1 et seq.) which will provide additional detailed information available only to the Emergency Response Team. The Emergency Management Plan has sensitive information that should not be shared with the public. The Team shall keep the Plan in a locked cabinet in their office. It will also be distributed by electronic file that each member should keep at their home.
2. The administration shall create a quick reference guide for staff to follow in the event of a crises, including but not limited to:
 - a. Bomb Threats
 - b. Fire
 - c. Intruder with gun
 - d. Weather
 - e. Earthquakes
 - f. Intruder/Fights
 - g. Shooting
 - h. Sexual BatteryThe quick reference guide shall be distributed to each staff member.
3. The administration shall create and maintain a plan in the event of a pandemic. The plan shall include the following areas:
 - a. Planning and Coordination
 - b. Continuity of Learning and Core Operations
 - c. Infection Control Policies and Procedures
 - d. Communications Planning
4. The administration shall create and maintain a Biosecurity Management Plan to keep the food products safe. The Biosecurity Management Plan shall be kept confidential except for members of the crisis management team.
5. Training on the Emergency Management Plan shall be conducted annually.

Title: Safety

Purpose:

It is our goal to provide a safe and healthful environment for everyone that utilizes the district's facilities. This includes employees, students, and visitors to our district.

Procedure:

The Superintendent of Schools shall appoint a District Safety Coordinator with the responsibility of establishing and implementing a continuing effective safety program. The district goal is to eliminate lost time accidents. The program must involve all employees and students of the district. Employees should be involved through periodic safety meetings. Students should be involved through classroom instruction by the appropriate educators.

The Safety Coordinator shall organize a safety committee. The Safety Committee will meet periodically during the year. The Safety Coordinator will be responsible for working with the Safety Committee to define the safety program.

Each employee and student will be responsible for obeying the safety rules established. Disregard of these rules will automatically cause a progressive disciplinary system to be enforced, which ultimately could lead to termination from the district.

Title: Loss Control

Subtitle: Injuries

Procedure:

STAFF INJURIES

Every employee is entitled to work under the safest possible conditions. In order to insure this, it is necessary that every accident/injury be reported.

All incidents/accidents must be reported by the employee to their Supervisor and school nurse immediately. In the case of injury, an accident report must be filled out within twenty-four (24) hours. If there is an employee accident, the employee is to report it to the nurse/ supervisor and fill out the NOTICE OF EMPLOYEE INJURY Form. **If the employee needs medical treatment, the nurse will call FMCO (800-831-9531). Notice of injury will be sent to the Business Office.**

The employee will speak to a nurse who will obtain detailed information and make the arrangements for treatment. If further specialized treatment is needed, it must be approved by the School Workers' Compensation physician who will refer the employee to a specialist for this treatment. Failure to go to the Board's doctor will result in a possible rejection of the claim. The school's workers' compensation doctor or the referred doctor will determine when the employee may return to work. The report will be given immediately to the assigned Principal/Supervisor for review and signature and sent to the Business Office.

If the accident or injury is an emergency, the employee may be treated at the nearest hospital and report the accident as soon as possible to the nurse or Business Office. Employee should instruct the hospital, doctor or pharmacy to forward all bills to Business Office (Workers' Compensation Claims). The employee should not use his/her personal insurance card as this will complicate, delay or prohibit payment of any medical bills.

After examination or treatment by the workers' compensation doctor, emergency doctor or referred doctor, the employee must report back to work with the Return to Work Form.

LITIGATION/LIABILITY

Any incidents having the slightest possibility of potential litigation/liability must be reported to the Business Administrator immediately.

INJURIES TO VISITORS ON THE PREMISES

For injuries to visitors in the building or on the premises (day or evening), the same procedure should be followed as for injuries to pupils, except the office of the Business Administrator will be notified as to when and where the accident occurred. It is important that in the description of the accident it is clearly stated that the injuries are not for a staff member or student. When an injury occurs call the Business Office for more information.

Title: Loss Control

Subtitle: Recording of Days Absent Due to Injury/Accident

Procedure:

Days absent from work due to illness, injury or accident will be recorded as sick days initially. When the District receives a determination from the Workers' Compensation Insurance Carrier or a Workers' Compensation Court, that these days are designated as Workers' Compensation Days, the employee's attendance record will be adjusted accordingly.

Legal Reference N.J.S.A. 18A:30-2.1

Title: Personal Items

Procedure:

1. It is recommended that personal items not be brought to school or work. The district will not be responsible for any items lost or stolen. In bringing equipment or other items to school, the employee does so at his/her own risk.
2. The school also is not responsible for damage to vehicles while parking on school property. When parking on school property the employee assumes the risk for any damage that may occur.

Title: Transportation

Purpose:

The Board of Education recognizes that transportation to and from school is required for the promotion of education. The Board has the responsibility to transport eligible students to and from their homes as outlined in N.J.A.C. 18A: 39.1.

Procedure:

New Students

- School principal's office shall notify the transportation coordinator of registration of new students.
- Transportation coordinator will assign bus and stop number to new student.
- Transportation coordinator will communicate the bus stop information back to the school office and to the bus company/South Bergen Jointure Commission.

Students Leaving District

- School principal's office shall notify the transportation coordinator when a student withdraws from the district.

Field Trip/Athletic Buses

- Requests for buses for field trips and athletic events shall be overseen by the school level administration and approved by the Board of Education.

Non Public/ Aid-in-Lieu

- Transportation or aid in lieu of transportation shall be provided in accordance with N.J.S.A. 18A:39-1.
- The Application for Non Public Transportation forms (B6T) for students residing in your district who attend non public school shall be submitted to the Board of Education office by the non public school.
- The Transportation designee shall determine students' eligibility for transportation or aid in lieu of transportation, and shall notify parents of bus route or issue purchase order by August 1st.
- The Transportation designee shall prepare the Nonpublic School Transportation Summary form and submit it to the nonpublic school administrators in January and May for certification of each.
- The issuance of aid in lieu of transportation reimbursement payments to parents will be done in January and June.

Purchase of School Buses (Not Applicable to Englewood Cliffs)

- School bus purchases will be coordinated by the Business Administrator in consultation with the Transportation Coordinator or Director of Operations. Buses shall be replaced on a rotating basis. No vehicle will be utilized to transport students beyond the 12th year from the year of manufacture or 100,000 whichever is reached first.
- The appropriate State mandated safety precautions must be considered when purchasing the bus.

DRTRS

- The annual District Report of Transported Resident Students will be completed by the Business Office and submitted within the State set timeframe.

Safety

- The school principal shall schedule and conduct bus evacuation drills at least twice during the school year for all students who are transported to and from school.
- The South Bergen Jointure Commission (i.e., contracted bus company) shall ensure that all school bus driver's and school bus aides are properly trained for the functions of their position.
- The South Bergen Jointure Commission (i.e., contracted bus company) shall ensure that anyone driving a school vehicle used to transport students to and from school and school related activities meet all of the requirements of N.J.S.A 18A:39-17,18,19,and 20 and all New Jersey Department of Transportation rules governing school bus drivers.
- The South Bergen Jointure Commission shall ensure that anyone driving a school vehicle hold a valid Commercial Driver's License with appropriate endorsement(s) for the class and type of vehicle operated.
- The South Bergen Jointure Commission will file the Annual Certification of School Bus Drivers Report with the County Department of Education
- Random drug and alcohol testing of bus drivers shall be conducted in accordance applicable regulations.
- Bus drivers are required to have complete medical examinations every two years in accordance with applicable regulations. Medical exam results must be mailed to the Bus Application Unit of the New Jersey Motor Vehicle Commission.

Bus Accidents

- In the event of a bus accident, the driver shall notify police via cell phone and request that they notify the South Bergen Jointure Commission and Superintendent of Schools.
- The driver shall contact the agencies that can assist in promptly providing for the safety and welfare of the passengers.
- The driver shall NOT leave the students unattended under any circumstances.
- The South Bergen Jointure Commission shall notify the Business Administrator, Building Principal and School Nurse of the accident.
- The South Bergen Jointure Commission shall verify the accident with police, keep a written record of each accident, and report all accidents to the state as required.

Title: **Vehicle Tracking, Maintenance and Accounting
(Not Applicable to Englewood Cliffs)**

Purpose: For the management, control and regulatory supervision of school district vehicles.

Procedure:

1. The district vehicle coordinator shall maintain a vehicle inventory control record including:
 - a. The vehicle make, model and year;
 - b. The vehicle identification numbers (VIN);
 - c. The original purchase price;
 - d. The date purchased;
 - e. The license plate number;
 - f. The person assigned or the pool if not individually assigned;
 - g. The driver license number of the person assigned and the expiration date;
 - h. The insurer and policy number of person assigned, and
 - i. The usage category such as regular business, maintenance, security or pupil transportation.

2. A driving record of the operators of district vehicles including:
 - a. The name of the driver;
 - b. The driver license number and expiration date;
 - c. The insurer policy number of person assigned;
 - d. Motor vehicle code violations;
 - e. Incidents of improper or non-business usage;
 - f. Accidents, and
 - g. Other relevant information.

3. A record of maintenance, repair and body work for each district vehicle including:
 - a. The vehicle make, model and year;
 - b. The vehicle identification number (VIN);
 - c. The original purchase price;
 - d. The date purchased;
 - e. The license plate number;
 - f. The usage category such as regular business, maintenance, security or pupil transportation;
 - g. The manufacturer's routine maintenance schedule;
 - h. The category of work performed;
 - i. The mileage on the date work was performed, and
 - j. The cost of the work performed.

SECTION I – INTERNAL CONTROLS

**Title: District Vehicle Assignment
(Not applicable to Englewood Cliffs)**

Purpose: To ensure compliance for the assignment of district vehicles for the conduct of official district **business**.

Procedure:

1. The Board shall adopt a policy or policies regarding district vehicle assignment that will ensure compliance.
2. The Board upon the recommendation of the Superintendent may authorize the lease, lease-purchase or purchase and assignment of district vehicles for the conduct of official district business. The vehicles may be assigned either to individuals or to units within the school district for pool use according to the following classifications:
 - a. Vehicles may be assigned permanently and individually to the Superintendent, School Business Administrator, head of facilities services, head of security services, or other supervisory employees who based on their job duties may be called on a 24 hour, seven-day a week basis. No individual assignment shall be made for the primary purpose of commuting.
 - b. A unit may be permanently assigned one or more district pool vehicles only if the employees of the unit will collectively use the vehicle or each vehicle for more than an average of 750 miles per month on official district business. Pool vehicles shall not be used for the purpose of commuting and shall remain at a district facility when not in official use.
3. Board members or employees may be temporarily assigned a district vehicle for travel events.
4. The school district board shall ensure that an employee, such as the School Business Administrator, insurance or risk management staff member, head of facilities or other appropriate employee is assigned the functions of district vehicle coordinator.
5. Vehicle use logs shall be maintained for all individual and pool assignments in order to accurately record all usage of each vehicle, including the driver, mileage, and starting and destination points.
6. All complaints of a potential misuse shall be investigated and appropriate disciplinary action taken.

SECTION I – INTERNAL CONTROLS

7. All changes to vehicle assignment, whether pool or individual, shall require prior written approval of the Superintendent and the authorization of an affirmative majority vote of the full Board.
8. No luxury vehicle, one which exceeds the greater of \$30,000 or any current dollar limit established in Internal Revenue Service (IRS) law or regulation, shall be purchased, lease-purchased or leased by the District. If a vehicle is assigned to the Superintendent, it may be a full-size or intermediate, four-door sedan of the non-luxury class. All other vehicles shall be compact sedans, unless special passenger, cargo, equipment, or use requirements make the standard vehicle unsuitable for documented district needs.
9. The district vehicle shall be used primarily for business purposes; however, incidental and reasonable personal use is permitted.
10. All damage to district vehicles, regardless of cause, shall be reported within 24 hours to the vehicle coordinator and the employee assigned to file insurance claims.
11. No physical alterations shall be made to a vehicle without prior board approval.
12. Drivers of district vehicles shall possess and maintain a valid driver's license to operate a vehicle in New Jersey.
13. When a vehicle is due for routine maintenance in accordance with the manufacturer's schedule, the driver of an individually assigned vehicle or, in the case of a pool vehicle, the vehicle coordinator shall be responsible for ensuring that the vehicle receives the scheduled service.
14. A driver assigned a district vehicle shall be responsible for the security of the vehicle and its contents.
15. Drivers shall be personally responsible for all fines accrued as a result of traffic violation related to operation of district vehicles.
16. The driver, or the driver's supervisor, if the driver is incapacitated, of a district vehicle involved in an accident resulting in damage to the district vehicle or other vehicle shall file, within 24 hours of the accident, a detailed written report with the vehicle coordinator and the district staff member responsible for making insurance claims.
17. Police shall be immediately notified of an accident by the driver or vehicle coordinator, if the driver is incapacitated. A copy of the police report shall be submitted to the vehicle coordinator and the district staff member responsible for making insurance claims as soon as possible.

SECTION I – INTERNAL CONTROLS

18. If a district vehicle is misused in any of the following ways, the driver's driving privileges for district vehicles shall be suspended or revoked, and additional disciplinary action shall be taken as appropriate.
 - a. Frequent violation of traffic laws;
 - b. Flagrant violation of the traffic laws;
 - c. Operation of a vehicle which the police or insurance company determined was the cause of an accident;
 - d. Use of a vehicle for unauthorized use whether personal use, business use, or commuting;
 - e. Violation of these rules, or district policy governing the assignment, use, operation, repair, and/or maintenance of vehicles. This includes the failure to submit a vehicle for routine maintenance as called for in the manufacturer's routine maintenance schedule;
 - f. Operation of a vehicle while impaired to any degree, or under the influence of alcohol or narcotics as defined by State statutes;
 - g. Use of a district vehicle by an unauthorized individual while assigned to an employee;
 - h. Use of a district vehicle to transport any person or child, other than in the course of their assigned duties and responsibilities; or
 - i. Use of radar detectors in district vehicles.

19. The Board shall establish a policy for progressive, uniform, and mandatory disciplinary actions to be applied as necessary.

**Title: Food Service – Outside Food Service Management Company
(Only “Milk” applicable to Englewood Cliffs)**

Purpose:

The Board of Education recognizes that Food Service is required for the promotion of education. The Board has the responsibility to provide food services to all students. The _____ Board of Education, a K-8 District, provides lunch to all Middle School (6-8) Students and milk to all Elementary (K-5) students. The Board has decided it is more efficient and fiscally advantageous for the food services duties to be handled by an outside food service management company.

Procedure:

Application for Participation in Child Nutrition Program

- Before the beginning of each school year, Business Office Secretary files the appropriate paperwork with the Bureau of Child Nutrition to participate in the Free and Reduced Meal Program.

Direct Certification

- Students eligible for TANF and/or Food Stamps may be directly certified by the State. In these cases, the district sends a letter to the household and notifies them of their child’s lunch status before school even begins. In these instances, no lunch applications need to be filled out.

New Students

- Upon registration, new students are given applications for free and reduced meals.

Free and Reduced Meal Applications

- Business Office Secretary provides Applications for free and reduced meals to each school before the opening of school. The applications are disseminated by the school to students and then returned to school upon completion. Completed applications are then forwarded to Business Office Secretary.

Determining Eligibility for participation in the Child Nutrition Program

- Business Office Secretary determines eligibility in accordance with applicable regulations established by the Department of Agriculture. After determination, letters are sent to all applicants advising them of their status (i.e. free, reduced or denied). All applications are maintained in the central office as required by the State.

Master Eligibility List

- A master eligibility must be completed and is maintained by the Business Office Secretary. This is a comprehensive list of all students who filed an application and indicates their status as free, reduced or denied. The master eligibility list is maintained for each school (location) as well as district-wide as required per regulations.

Civil Rights Compliance

- Per regulation, a Civil Rights Compliance is completed each year. Using the October 15th student data, lists are maintained by school, broken down by ethnic group and further broken down by status of free, reduced and denied.

Verification

- By November 15th, the required percentage of applications deemed eligible for free and reduced are verified. These applications are chosen at random and applicants are asked to provide name and social security number for each adult listed on the application as well as proof of income.

Bidding

- Milk and other food items are subject to the bidding requirement of the New Jersey State Contract Law. The Food Service Management Company contract will be renewed and/or re-bid in accordance with applicable law.

Daily Deposits

- Deposits are prepared daily, by school and reconciled to the register tapes by food service management company personnel. They are then put into a locked bank bag and brought to the bank. Deposit totals are reconciled to the bank statement by business office personnel.
- Milk Money for Elementary students is collected at the beginning of the school year. Money is collected for each Elementary school by the school secretary and then turned over to the Business Office for deposit.

Setting Prices

- Each year, the Board of Education sets prices for food services. Every effort is made to set prices that are affordable for students but enable the food services to operate without contribution from board funds.

Voucher Certification/submission

- Each month, Food Service Management Company personnel enter meal counts into the Department of Agriculture meal reimbursement system in SNEARS (School Nutrition Electronic Application System). These meal counts are then verified by the Business office and then Certified so that State reimbursement can be made.

Commodities

- The district shall participate in the commodities program offered by the New Jersey Department of Agriculture.

**Title: Food Service – In-House Food Service Management Company
(Not applicable to Englewood Cliffs)**

Purpose:

The Board of Education recognizes that Food Service is required for the promotion of education. The Board has the responsibility to provide food services to all students. The _____ Board of Education, a K-8 District, provides lunch to all Middle School (6-8) Students and milk to all Elementary (K-5) students. The Board has decided it is more efficient and fiscally advantageous for the food services duties to be handled by an in-house food service management company.

Procedure:

1. Food Services Procedures

Daily Lunch Claim Amounts

- (a) Each school submits a Daily Receipt Card (DRC) to the department on a daily basis which reports the amount of students in what eligibility category to claim for reimbursement. (see lunch application procedures to recognize how student lunch eligibility is determined). These numbers are tallied through a ticket counting system.
- (b) Tickets are generated from a database from the districts computer room for each individual student and sent to the food service department's office.
- (c) Secretary #2 separates tickets by school and sends to schools (via department truck driver) along with a complete school status list also generated from same database by director.
- (d) According to homeroom number designated on ticket, site supervisor or site designee separates tickets upon arrival and distributes to each teacher's mailbox. Homeroom teacher then distributes to each individual student.
- (e) When students come through the lunch line, daily, they are to present the cashier with their personalized ticket. This ticket provides the cashier with the coded information which states each student's individual lunch status.
- (f) If an "amount due" is attached to the entry based upon the information on the lunch ticket, the cashier collects the money from the student and completes the sale.
- (g) If the student does not have his/her money, the cashier enters it as a charged meal. (Without lunch ticket, status of child is unknown and he/she can only be entered into a category which generates the least amount of reimbursement from the government.)
- (h) At the end of the day, the cash register is closed out and generates a receipt that reports all of the totals categorically.
 - These are the numbers that are reported on the DRC's and submitted to the State for reimbursement (only for lunch).

Daily Snack Claim Amounts

- (a) When after school snacks are served (see procedure for after school snack registration by individual schools/programs), each site supervisor records the daily amounts on their DRC's that are sent to the office.
- (b) Secretary #2 also records these numbers on a work sheet for future reference. (These amounts are submitted to the government on their web based system for reimbursement.)

Breakfast Claim Amounts

- (a) The Breakfast Program is enlisted in a government program named Provision II.
- (b) It allows the department to establish, during a "base year", a schools eligibility to claim breakfast meals served on a percentage basis instead of a daily actual count of individual student meal eligibility.
- (c) Each site supervisor records the daily amounts on their DRC and are sent to the office.
- (d) Secretary #2 also records these numbers on a work sheet for future reference. These amounts are submitted to the government on their web based system for reimbursement.

State Report

- (a) A state report is completed by Secretary #2 for each above program on a monthly basis.
- (b) Lunch, breakfast, snack and child care daily reported amounts are reviewed by Secretary #2 and corrected, if necessary by referencing individual school register tapes and/or by conferring with site supervisors.
- (c) Secretary #1 then enters amounts into department accountability program which projects any seeable errors and generates an "edit check" worksheet. Worksheet is reviewed, approved and signed by the Director.
- (d) Once approved, amounts are entered into web based reimbursement program.

All claims are first approved by Food Service Director, then approved and signed by Business Administrator and/or Superintendent prior to submission to government.

Maintenance/Technical Repairs & Work Orders

- (a) All technology requests are usually communicated directly to the director or office staff that enters the request by way of _____ for each individual site.
- (b) If the repair is not completed within an acceptable time period, the director usually enters a second request via _____.
- (c) Technology/Buildings & Grounds Secretary or the Technology Supervisor will call with an explanation as to why an order was not completed or a technology specialist will call requesting further information needed to expedite the order.
- (d) All orders that are above and beyond normal, routine maintenance or installation are approved by Business Administrator prior to submission to either above department.

Inventory Management

- (a) Every time a delivery of frozen foods is scheduled from the government, a processor, or a distributor, these items are perpetually added into inventory by the Food Service Director.
- (b) After ordering is completed, food items must be deducted from inventory.
- (c) The food items that are not being delivered to the schools directly from the distributors are being distributed by department truck driver from inventory at _____.
- (d) Once the frozen foods order is placed, and the items that are to come out of _____ freezer are determined, they are consolidated by the Food Service Director, input on a breakdown sheet for delivery by department truck driver and deducted from the inventory in a perpetual manner.
- (e) Every month, an actual inventory of _____ freeze is done by the department truck drive or the Food Service Director.
- (f) This inventory is compared to the totals on the perpetual. (Any discrepancies are addressed and resolved and/or documented, if necessary.)
- (g) When all ordering is done by the individual schools, they are required to document what foods they have in inventory that are similar to the ones that are currently being ordered.
- (h) If the Food Service Director feels as though the schools have similar items in individual inventory that they are not going to need in the near future, the supervisors will be called and told to use the items that they have and their order of the similar items will be cancelled.
- (i) The schools are also required to complete a monthly actual inventory.

Department Timesheets/Payroll

- (a) Separate timesheets are distributed to each school for contracted employees and hourly workers.
- (b) Secretary #2 is responsible for managing the timesheets for hourly workers.
- (c) Hourly workers are required to sign in and out every day stating their time of arrival and departure.
- (d) One sheet per week is submitted to Secretary #2 who reviews all of the sheets to ensure that calculations have been made correctly, hours have been tallied, and all other required information has been completed.
- (e) Both weeks of the time period are then submitted from Secretary #2 to the director for approval and signing.
- (f) Both weeks of the time period are then submitted from Secretary #2 to Director for approval and signing. (Any discrepancies with time sheets will be addressed by the director with Secretary #2 and/or specific employee(s).)
- (g) Secretary #2 will then make copies of all timesheets and forward originals to Payroll department.
- (h) Secretary #1 is responsible for managing the timesheets for all contracted employees.
- (i) The site supervisors simply have to keep track of any overtime or dockings of contracted employees.
- (j) Both of the above scenarios (overtime, docking) are submitted on the same form that the hourly workers' time is submitted on. (Both extra or deduction of pay will appear during next month's pay period)
- (k) Secretary #1 consolidates timesheets, and submits to Director with overtime and docking sheets for approval.
- (l) Director reviews, approves and signs all timesheets. (Any discrepancies with timesheets will be addressed by the director with Secretary #1 and/or specific employee(s).)
- (a) More serious infractions will automatically be documented and placed in the employee's file. (The employee will always receive a copy of any derogatory information placed in his/her file.)

Title: **Technology Systems**

Subtitle: Physical security and maintenance over technology equipment, peripherals and media

Purpose: In order to ensure the overall performance of the technology systems, the equipment must be protected from harm, abuse, misuse and pilfering.

1. Rooms or areas that house servers will be secured. Access to these areas should be restricted to authorized personnel only.
 - a. Keys or cards that allow access to the areas should be limited in number and accounted for regularly.
 - b. Review of the personnel who has access to these areas should be reviewed several times a year.
 - c. A log should be kept of any visitors to the secure area with name, date, time entered, time exited and purpose of visit.
2. Rooms or areas that house large amounts of computer or technology equipment used in the operation of the district should be housed appropriately.
3. All computer and technology equipment should be tagged and inventoried.
 - a. Verification should be made periodically to ensure that equipment is still located where the inventory record states. When equipment is moved, the inventory record should be updated.
 - b. Inventory should be kept of computer related parts, supplies, consumables, and peripherals.
4. Cables and other locking mechanisms should be utilized when appropriate to secure individual pieces of equipment.
5. A master set of user manuals should be maintained and secured to ensure continuity of operations should other versions be destroyed. A master set of manuals should be held in another area, building, in a fire-rated cabinet or scanned and stored electronically in multiple locations.

Media that is utilized for back-up of information, applications or systems including disks, tapes and other output should be held secured in another area, building and/or in a fire-rated cabinet.

Title: **Technology Systems**

Subtitle: Security over data – passwords and user accounts

Purpose: In order to ensure the overall performance of the district via its technology systems and data.

1. Password protection should be utilized for all network logons. Individual applications should also require users to have passwords. Password creation and administration should follow standard industry practice.
2. User accounts should only be made for network access and individual application access as required for the completion of the staff duties or learning opportunities for students.
 - a. No user profiles should be created, changed or deleted without proper authorization.

Title: **Technology Systems**

Subtitle: Systems software and applications authorized for use in the district

Purpose: The number, type and scope of individual applications should be monitored to maximize the efficiency of the technology while not creating an overly complex environment.

All software applications should be relative to the school district and should be purchased, installed and maintained according to district policy.

Title: **Technology Systems**

Subtitle: Protect the district's network from internet and internal dangers

Purpose: The district should create a multi-layer protection system to ensure that unauthorized access to the network does not occur.

The multi-layer protection system should: include an anti-virus application, utilize spam filters and anti-spyware software, utilize an external firewall to prevent access from unauthorized sources.

- a. Any applications or web pages that will be viewable by the general public or by certain users, will be held in the "DMZ", or that portion of the network where there is limited trust.
- b. Network resources that are relegated to the "DMZ" will be completely separated from any internal networks, thereby blocking firewall avoidance.
- c. The available and open ports should be reviewed periodically.

The district should consider automatic updates for operating systems and common software applications.

The district will secure the wireless network by using WEP, WPA or other network level protective encryption to avoid access by unauthorized sources as appropriate.

Network administrators will periodically check systems ability to link IP addresses to users on the network.

Title: **Technology Systems**

Subtitle: Protect the district's network from internal dangers

Purpose: Create procedures that prevent unauthorized use from within the district

1. The district should utilize "Lock Out", where the workstations and screensavers should automatically lock the unit when not in use or inactive.
2. Access to the network will be provided in accordance with district policy for approved personnel.
3. A log of all users and access levels for all systems applications should be maintained.
4. All application access will be reviewed periodically for discrepancies in the user roles and the access to sensitive information.

Title: **Technology Systems**

Subtitle: Web content filtering and supervision

Purpose: To ensure a safe and secure electronic environment for students.

1. District will employ tools to monitor access to web sites. The district will put into place a method to filter web sites containing content that is against the district's acceptable use policy.
2. "Proxy" system will filter web sites that contain viruses, spyware, malware, unsecure connections and improper certificates and should include a system to track attempts at blocked web sites. And be regularly maintained.

Title: **Technology Systems**

Subtitle: Electronic Communication Archival

Purpose: Store electronic communications made within district

1. District will store all inbound and outbound messages in accordance with the State's records retention schedule.
2. Email archival system access will be restricted to authorized district personnel.
3. The district will setup network policies to block any electronic instant messaging/chat program that cannot be monitored/archived.

Title: **Technology Systems**

Subtitle: Video Surveillance Security

Purpose: To ensure a safe and secure environment for student learning

1. District will install optical cameras in key locations to record activities at all hours.
2. Surveillance cameras will interface with digital video recording system.
3. Digital recording system will provide enough storage to monitor key locations for a period of three to five days at a minimum.
4. Digital recording systems will be checked regularly to ensure recording quality, reliability, and ability to retrieve information

Title: **Technology Systems**

Subtitle: Network Storage Availability

Purpose: To provide users with a secure area on the network to store files.

1. District will employ tools to allow users to save files on a secure server.
2. Systematic and regular backups will be made of network-stored data.
3. Access to individual network space will be restricted to individual users and network administrators.
 - a. Network administrators will create space limitations so as to not exceed the capacity of the server space.
 - b. Users of the network storage system will agree to store content that is in agreement with the district's acceptable use policy.

Title: **Technology Systems**

Subtitle: Acceptable Use of Districts Technology

Purpose: To ensure that anyone who has access to district electronic resources understand what is acceptable use of the technology and information and ensure that anyone who has access to sensitive information understands the acceptable uses of that information.

Procedure:

1. The board will establish and adopt a policy that informs all users of the districts' data, systems and information of the acceptable and non-acceptable uses of those district assets.
2. The board will adopt an acceptable use policy that at a minimum should prohibit the following regarding electronic systems conduct that interferes with or stops district activities, including but not limited to excess download, uploads, printing, copying, bandwidth usage, etc.
3. This policy should be reviewed annually for changes in the types of information used and in the types of technology used
4. All users of technology and all those who have access to sensitive district information, should be required to sign an acceptable use form that states the person signing has read and agrees to uphold the policies set forth.
5. Violations of district acceptable usage policy should be spelled out in student and staff code of conduct

Title: **Information Management**

Subtitle: Securing of sensitive (written or paper) information

Purpose: To ensure that sensitive information is properly handled and limit the potential exposure of information from being obtained through the district

Procedure:

1. Sensitive information should be housed in a locked cabinet or behind locked doors.
 - a. Access to keys are restricted to personnel authorized to view the information
 - i. Keys should have “do not duplicate” on them and copies should be prohibited, except as needed
 - b. Areas housing sensitive information should be locked whenever the areas are not staffed
 - c. Wherever possible, sensitive information should be stored away from high traffic areas.
2. Original sensitive information files, should be housed in a fire rated cabinet, where possible.
3. Backups of paper documents should be treated as sensitive. Electronic documents should be backed up daily and paper documents should be housed in locked areas.

Title: Retention of Records

Procedure:

1. No material which qualifies as a record or document may be destroyed without the prior approval of the Department of Education.
2. All requests for document disposal or questions regarding disposal must be submitted to the Business Administrator.
3. After approval by the auditor, the Business Administrator will forward all requests to the State for approval.
4. Records or documents may not be destroyed until after approved by the State has been received.

Legal Reference: Chapter 410 47:3-15 et seq. Public Records Account

Title: Financial and Human Resource Management Systems
(Partially applicable to Englewood Cliffs)

Subtitle: Fiscal/Management Systems

Purpose:

Pursuant to 6A:23A-6.7 school districts and county vocational school districts with budgets in excess of \$25,000,000 or with more than 300 employees shall maintain an enterprise resource planning (ERP) system which integrates all data and processes of an organization into a unified system. An ERP system uses multiple components of computer software and hardware and a unified database to store data for the various system modules to achieve the integration. NOTE: This system does not include student, transportation or food service databases or modules.

Procedure:

The following highlights important factors that should be considered when selecting an ERP system for the district. The Business Administrator and Board of Education will take these issues into consideration when the current ERP system utilized has become obsolete or is no longer practical for the district.

ERP System Integration Features

Three applications – comprise an ERP; accounting, payroll, and human resources system. System integration permits data sharing among the three applications, therefore eliminating any duplication of data entry. System integration features facilitate data sharing not only among the applications, but may also with third-party payroll, substitute placement/absence tracking, and bidding applications. Integration between these applications allows for the automation of many functions, enabling:

In Accounting

System-generation of the payroll purchase order and encumbrances at the start of each new fiscal year (salary amounts and expense account information from Payroll is used to create the file needed to generate the payroll PO encumbrances in Accounting).

Update/adjust payroll PO encumbrances throughout the year to reflect any staff/budget changes (updated salary/expense account information from Payroll is used update payroll PO encumbrances in Accounting). Automatically reduce payroll PO encumbrances to expenditures each pay period (transfer of payroll expenditure data from Payroll, or a third-party application such as ADP, to Accounting). Import next year's budget preparation data directly into a Budget Projection Module (transfer of salary data either from Personnel, or a third-party application such as Microsoft Excel, into Accounting). Import purchase order data from third-party bidding applications (such as Educational Data) to Accounting, automating purchase order entry.

In Payroll

Automatically update new fiscal year payroll salaries for all employees (transfer of contracted salary data from Personnel to Payroll). Or synchronize remaining contract days that can be printed on employees' payroll check stubs (transfer of remaining sick/personal/vacation day balances from Personnel to Payroll).

In Personnel

Import attendance information (automatically generating employee attendance records within Personnel from your AESOP or SUBFINDER system). Implement position control codes (transfer of employee budget spread data from Payroll via alpha/numeric position control code for each employee record within Personnel). Automatically update position control budget spread information (based on payroll budget spread changes – transfer of updated budget spread data from Payroll updates Position Control Code budget spread data in Personnel). Generate projected salary data, by expense account, for budget preparation (transfer of employee salary data and Position Control Code budget spread information from Personnel to an Accounting's Budget Projection Module).

Payroll budget spread information can also be imported into Accounting from third-party applications such as ADP. Those not utilizing system integration will obtain the payroll budget spread database file from their individual payroll provider instead. If utilizing an outside provider, districts should ensure that the expense account structure for the employee's budget spread in the third-party application is consistent with the expense account structure established within Accounting.

Import Budget Preparation Data into a Budget Projection Module (Personnel to Accounting)

Accounting may include a budget projection module designed specifically to assist school districts with next year's budget preparation. This module includes a function allowing for the import of data (either from Personnel or a third-party application such as Microsoft Excel). This Projected Salary Data File (with the use of unique position codes, the system will automatically project, based on your district's settled contract information, the total amount needed for each salary expense account).

Additional Benefit:

- Import the Projected Salary Data into the Accounting's Budget Projection Module (all employee names and salaries that comprise the projected total will be detailed for each expense account).
-

Bidding to Budget Transfer

(Third-Party Bidding Software to Accounting)

Many districts utilize outside bidding companies (such as Educational Data) to assist with the process of procuring needed supplies for the upcoming year. These bidding companies deal with the individual vendors and award the bids based on district criteria. The data received from the third-party bidding application then needs to be entered into the district's accounting software application to generate the purchase order encumbrances. Entering these purchase orders can be time consuming and labor intensive. To expedite this process, the Accounting system should be able to provide a "Bidding to Budget Transfer" function.

Automatically Update New Fiscal Year Payroll Salaries for all Employees

(Personnel to Payroll)

At the beginning of each new fiscal year, salary information can be updated for all employees automatically. Districts who utilize third-party payroll applications (such as ADP) may have to manually enter in each new salary amount for every single employee. If system integration is used this should be an automated process for those districts that utilize both Payroll and Personnel applications. Personnel provides the ability to maintain historic, current and future year salary information, allowing Payroll to access this data when it is time to update individual employee salaries.

Synchronize Contracted Salaries

This function would update the "Salary" field with employees' total calculated salary amounts from Personnel.

Print Sick/Personal/Vacation Day Balances on Employee Check Stubs (Personnel to Payroll)

Districts routinely provide employees with their balance of contract days throughout the year. One method to provide this information is to generate a hard copy report (which can take some time to print and distribute to each and every employee). Districts that utilize system integration have the ability to streamline this process by synchronizing this information between the two applications, allowing the balance of contract days to be printed directly on the employee's check stub in Payroll.

Synchronize Contract Days Remaining

(AESOP or SUBFINDER Systems to Personnel)

Many districts take advantage of utilizing outside automated substitute placement systems (such as AESOP or SUBFINDER). These systems provide on-line solutions for absence tracking and substitute placement.

Entering the district's daily attendance and substitute information can be time consuming and labor intensive. System integration should be able to import attendance records, which automatically generates employee attendance records within Personnel from your AESOP or SUBFINDER file, reducing the need to manually enter this information in. This function is available to all districts who utilize either the AESOP or SUBFINDER systems.

Key benefits include increasing the district's efficiency in: 1.) filling teacher absences with substitute teachers, and 2.) automating the attendance data entry process. For those districts whose attendance is not entered on a daily basis (due to work overloads or staff absences), integration between the two applications aides districts with keeping their attendance current and up-to-date, providing school administrators access to accurate and reliable absence information on a timely basis.

Implement Position Control Codes or Numbers (PCN), and Automatically Update Position Control Budget Spread Information (Payroll to Personnel)

Utilizing a synchronized Personnel and Payroll applications give the ability to implement position control codes, as well as automatically update position control budget spread information as necessary. Position Control Codes or Numbers (PCNs) represent distinct, board-approved, contracted job positions. The budget spread for each position is defined, providing a powerful in-house management and budgeting tool. Key benefits of utilizing PCNs include features that allow your district to:

Validate current year budget appropriations against Personnel contracted salaries, by account.

Present salary projection analysis to the board to assist with budget projection for the next fiscal year.

Track and project the district's vacant positions, allowing for more accurate budget projections.

Import future year salary data directly into Accounting's Budget Projection Module.

Utilize employee budget spread information from Payroll to generate PCN in Personnel.

In short, a unique code is created to represent each board-approved contracted position within your district. These codes are referred to PCNs. The budget spread is attached to these codes, telling the system which account(s) the position is to be paid from. As the positions are filled, the corresponding PCN is linked to the employee who is currently filling the position. PCNs that are not linked to any employees represent vacant positions. For example, if your district has five board-approved positions for high school math teachers, you would establish five PCNs to represent the five separate positions.

PCNs are independent of employee records. Each PCN represents a separate position within the district, not the employee who fills it at any particular time. Thus, if an employee leaves a position and the position remains open, the PCN remains active in the system representing a vacant position to be filled. Once an employee is hired for that position, the vacant PCN is then assigned to that person.

Vacant PCNs provide an area where a projected estimated salary amount may be entered, providing the district with the ability to budget for positions that are expected to be filled. When a PCN is linked to an employee record, the calculated salary for that employee overrides the vacant salary amount entered for the PCN. As PCNs represent positions within the district, they are only added or deleted when a job position itself is either created or phased out.

Meaningful vs. Non-Meaningful PCNs

Each PCN must be unique and can be up to 20 characters or digits. A PCN can either be a random string of numbers with no meaning attached to it – like a PO number – or it can be a string containing meaningful segments – like an expense account number.

Meaningful PCNs are critical for position control, as they allow the positions they represent to be more easily identified. They are also easier to relate to when using the PCN associated reports.

Non-meaningful PCNs are a random string of numbers with no meaning attached to it. Position control is more difficult, as is using the related reports.

Generate Annual Contract Letters/Create Mailing Labels, etc.

Export Employee Data from Personnel

Generate Letters or Labels using Microsoft Word

Export Employee Data from Personnel

Generate Letters/Labels from Microsoft Word

Export Employee Salary Data from Personnel

Determination

Once the aforementioned is reviewed and the priorities or direction of the district is established the Business Administrator in conjunction with the Superintendent should approach the Board of Education with their findings. The Board of Education should prior to determination, analyze the recommendation for ERP compliance, but make sure that all changes in procedure and process also adhere to Board of Education policy, maintain appropriate user authority and user access and district wide protocols for accessibility.

Internal Controls

The Board of Education should establish internal control procedures for all systems (fund accounting, personnel and payroll) regardless of true system integration or multi systems (many modules) integration. No one individual should have control within all systems. Annual review should be done via an internal control check. (See attached sample document- which should be completed in-house and by the district auditor independently).

Title: ASSA REPORTING

Procedure: The information for the Application for State School Aid (ASSA) is generated through and completed by the Business Office. In September a memo is sent out to all Principals/Supervisors from the Business Office detailing the directions for submitting the school ASSA information along with the importance of its accuracy. Below is a breakdown of how the information is generated:

Information	Person Responsible	Documentation
Students on roll Full and shared	Principal	Attendance registers maintained by Principal. Documentation to be submitted with the report.
Sent full time Received full time Received shared time	Supervisor of Special Education	Student Management data
Private schools for the handicapped	Business Office	Maintain tuition contracts for private school for the handicapped.
Sent shared time	GCIT	Documentation to be provided to Supervisor of Special Education
Resident students	Supervisor of Special Education	Student Management data
At Risk	Principal	Student Management data
Transportation	Transportation	Documentation to be submitted with report
English Language Learners	Curriculum Supervisor	Student Management data
Tier I students	Supervisor of Special Education	Student Tracker documentation

**Title: FREE AND REDUCED LUNCH APPLICATIONS
(Not applicable to Englewood Cliffs as of 2009)
(Milk plan only)**

Procedure:

The Free and Reduced Meal applications are sent to us electronically by the state. It is mandated that we use this form without change. The Food Service Department is responsible for getting the forms copied and distributed to all the schools. The youngest member of the household is to receive the application on the first day of school. The food service department sends this list to each school for meal application distribution. Once completed by the parent all applications returned are sent to the Food Service Department for processing. The Bookkeeper sends home a meal status notification letter to all applicants. Applications are kept at the Food Service department throughout the school year. Using Genesis for processing the application, the eligibility determination is forwarded to each students file and to the Point of Sale system. Each school secretary can view this information via Genesis. Verification of qualification for free and reduced meals is the responsibility of the Food Service Supervisor. Verification of applications must be completed in November.

Elementary Schools Procedures

The cafeterias have computerized point of sale cash registers. After the student identifies himself with a Pin number, the picture of the student comes up on the screen along with the meal status code and any balance the student may have.

All money for meals is collected in the classrooms. The money is put into an envelope which is already labeled with the students name, teacher name, room number and grade, which is supplied by the school secretary. The envelopes are forwarded by the teacher to the main office where the cafeteria worker gets them and applies the money to the appropriate student account via the Point of Sale. At lunch time the student puts their PIN number into the cash register via PIN pad for items purchased. No money is exchanged at lunch time. At the end of each day the cafeteria worker counts out all money received and posts it to the point of sale. The physical cash received should match the money posted to student's accounts. At the end of each day the cafeteria worker prints out a daily sales report and sends it to the Food Service office. Any problems or questions during the course of the day are to go to the Bookkeeper in the Food Service department. Any discrepancies are to be called into the Bookkeeper prior to closing out for the day.

Middle School and High School

In these two schools the students deposit money directly with the cashier while they are purchasing meals. The meal eligibility status is on the point of sale screen, reducing overt identification. All meal statuses are shown by a symbol. Students have the option of depositing as much money as they wish in their account. All deposits and purchases go thru the cashier during lunch time.

At the end of the day the manager at the Jr. High school and the Bookkeeper at the High School print out the daily sales reports. The cashiers can view these numbers prior to printing to verify cash received against sales. Any problems are referred to the manager at the Jr. High school and the Bookkeeper at the High School. The cashiers need to advise their managers of any money discrepancies.

SECTION I – INTERNAL CONTROLS

Title: FALL REPORT

Procedure: Below is a listing of the required Fall Reports along with the personnel responsible for its completion:

District Contact Person	Data Collection	Distribution Medium	Distribution Date	Due Back Medium	Due Back Date	Due In Supt's Off.

Title: GLOSSARY OF COMMON SCHOOL ACCOUNTING TERMS

ACCOUNT - A descriptive heading under which are recorded financial transactions that are similar in terms of a given frame of reference, such as purpose, object, or source.

APPROPRIATION - An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes.

AUDIT - The examination of records and documents and the securing of other evidence for one or more of the following purposes:

- a. Determining the propriety, legality and mathematical accuracy of proposed or completed transactions.
- b. Ascertaining whether all transactions have been recorded.
- c. Determining whether transactions are accurately recorded in the accounts and in the statement drawn from the accounts.
- d. To determine whether the statements prepared present fairly the financial position of the school district.

AVERAGE DAILY ATTENDANCE, ADA - The aggregate days; attendance of a given school during a reporting period divided by the number of days school is in session during this period. Only days on which the pupils are under the guidance and direction of teachers should be considered as days in session.

BID - The process which includes legal advertising and direct contact, sought from appropriate vendors for goods and services individually or in the aggregate, whose cost is above the mandated bid threshold.

BUDGET - A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the proposed means of financing them.

CAPITAL OUTLAY - An expenditure which results in the acquisition of fixed assets or additions to fixed assets. It is an expenditure for land or existing buildings, improvements of grounds, construction of buildings, additions to buildings and the remodeling of buildings, with the life expectancy of at least ten years.

CASH - Currency, checks, postal and express money orders, and bankers' drafts on hand on deposit with an official or agent designated as custodian of cash, and bank deposits.

CHART OF ACCOUNTS - A list of all accounts generally used in an individual accounting system. In addition to account title, the chart includes an account number which has been assigned to each account. Accounts in the chart are arranged by Fund, Program, Function and Object.

CONTRACTED SERVICES - Services rendered by personnel who are not on the payroll of the Board of Education including all related expense covered by the contract. Also see Purchased Services.

CURRENT - The term refers to the fiscal year in progress.

DEFICIT - The excess of the obligations of a fund over the fund's resources.

DISBURSEMENTS - Payment in cash.

ENCUMBRANCES - Purchase orders, contracts, and salary or other commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid.

EQUIPMENT - An instrument, machine, apparatus, or set of articles with a value of at least \$500 which retains its original shape and appearance with use and/or is nonexpendable; i.e., if the article is damaged or some of its parts are lost or worn out, it is usually more feasible to repair than to replace it with an entirely new unit.

EXPENDITURES - Charges incurred, whether paid or unpaid, which are presumed to benefit the current fiscal year.

FISCAL YEAR - The twelve-month period from July 1 through June 30, during which the financial transactions of the school system are conducted.

FIXED ASSETS - Land, buildings, machinery, furniture, and other equipment which the Board of Education intends to hold or continue to use over a long period of time and costs over **\$500.00** when purchased. "Fixed" denotes probability or intent to continue use or possession, and does not indicate immobility of an asset.

FUNCTION - A group of related activities which are aimed at accomplishing a major service for which the school system is responsible.

FUND- All accounts necessary to set forth the financial position, the financial operations, the changes in residual equities or balances, and the changes in financial position of a fund.

GENERAL FUND - Used to account for all transactions in the ordinary operations of the Board of Education.

INVENTORY - A detailed list or record showing quantities, descriptions, values, and frequently, units of measure and unit prices of property on hand at a given time. Also, the cost of supplies and equipment on hand not yet distributed to requisitioning units.

INVOICE - An itemized list of merchandise purchased from a particular vendor from which payment is made. The list includes quantity, description, price, terms, date and the like, and is matched with the signed receiving copy.

OBJECT - The commodity or service obtained from a specific expenditure.

OBLIGATIONS - Amounts which the Board of Education will be required to meet out of its resources, including both liabilities and encumbrances.

PETTY CASH - A sum of money set aside for the purpose of paying small obligations for which the issuance of a formal voucher and check would be too expensive and time-consuming. Also, a sum of money, in the form of a special bank deposit, set aside for the purpose of making immediate payments of comparatively small amounts.

PROGRAM - A plan of activities and procedures designed to accomplish a predetermined objective or set of allied objectives.

PROGRAM MANAGER - The individual responsible for monitoring the expenditures within a particular program of the budget. This person usually determines what to purchase, originates purchase orders and receives goods and/or services.

PRORATING - The allocation of parts of a single expenditure to two or more different accounts. The allocation is made in proportion to the benefits which the expenditure provides for the respective purposes or programs for which the accounts were established.

PURCHASE ORDER - A written request to a vendor to provide materials or services at a price set forth in the order and is used as an encumbrance document.

PURCHASED SERVICES - personal services rendered by personnel who are not on the payroll of the Board of Education, and other services which may be purchased by the Board of Education.

REFUND - A return of an overpayment or over collection. The return may be either in the form of cash or a credit to an account.

REIMBURSEMENT - The return of an overpayment or over collection in cash.

REPLACEMENT OF EQUIPMENT - A complete unit of equipment purchased to take the place of another complete unit of equipment which is to be sold, scrapped or written off the record and serving the same purpose as the replaced unit in the same way.

REQUISITION - A written request to a school official for specified articles or services. It is a request from one school official to another school official, whereas a purchase order is from a school official to a vendor.

STUDENT ACTIVITY FUND - Financial transactions related to school-sponsored student activities and interscholastic activities. These activities are supported in whole or in part by income from students, gate receipts, and other fund-raising activities.

SUPPLY - A material item of an inexpensive, expendable nature that is consumed, worn out or deteriorated in use; loses its identity through fabrication or incorporation into a different or more complex unit or substance. Is expendable or subject to replace rather than repair if damaged or if some of its parts are lost or worn out.

SECTION I – INTERNAL CONTROLS

TRAVEL - Costs for transportation, meals, hotel and other expenses associated with traveling on business for the Board of Education.

UNIT COST - Expenditures for a function, activity, or service divided by the total number of units for which the function activity or service was provided.

VOUCHER - A document which authorizes the payment of money and usually indicates the accounts to be charged.
